Motion was made, seconded and carried that the application of Noah Beberstine, to make a cut into the curbing to a width of 20 feet and to construct a driveway to a width of 16 feet at 646 West Fifth Street, be granted.

A petition, providing for the opening of Brooklyn Avenue from Taylor Street north to Main Street, making a through street west of the river, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for investigation and report.

A petition, providing for the construction of a local sewer in the right-of-way between Charlotte Avenue and the first alley north of Charlotte Avenue from Parnell Avenue to the east line of Lot No. 3 Hanna's Addition, using W.P.A. labor was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the removal of all through busses and all trucks, except light delivery trucks, from West State Boulevard and Goshen Avenue between Wells Street and Sherman Boulevard also North Wells Street, was received. Motion was made, seconded and carried that the same be referred to the Traffic Department.

The City Engineer now submitted plans, specifications and estimate for the construction of a sewer in and along the easement between Parnell Avenue and Oswego Avenue from the north line of Lots Numbered 16 and 26 Riverside Addition to the St. Joseph River, as more fully set out in Local Sewer Improvement Resolution Number 485, which plans, specifications and estimate were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 485 - 1938.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the easement between Parnell Avenue and Oswego Avenue from the north line of Lots Numbered 16 and 26 Riverside Addition to the St. Joseph River. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred, are to be paid in ten equal annual installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond or bonds, certificate or certificates, issued to said contractor in payment for such work except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 485-1938, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 3rd and 10th days of August, 1938, and that Tuesday, the 23rd day of August, 1938, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

Motion was made, seconded and carried that the contracts of the L. W. Dailey Construction Company, signed by the Standard Accident Insurance Company, covering the work to be performed under Street Improvement Resolution Number 3247, which provides for the improving of Cody Avenue from the west property line of Anthony Boulevard to the west curb line of Garfield Street; also for Street Improvement Resolution Number 3248, which provides for the improving of Wiebke Street from the east property line of Piqua Avenue to the west property line of Lafayette Street, which have been approved by the City Attorney, be approved.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 703-1938, which provides for the vacation of the north twenty-two (22) feet of Huffman Boulevard from the west property line of Poinsette Drive to the west property line of Fairhill Road; also for the vacation of the south twenty-two (22) feet of Huffman Boulevard from the west property line of Emerson Avenue to the east property line of Fairhill Road; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Motion was made, seconded and carried that the following estimate of Cole, Moore and Geupel, Inc., for engineering services in connection with the preparation of plans and specifications for sewage treatment plans and system of intercepting sewers be approved and that the City Controller be requested to pay same:

Estimate No. 2, for services rendered during the month of July, 1938, in the amount of	$5,000.00

The Board then upon motion adjourned.

5 ft. at curbing, 3 ft. at sidewalk and 5 ft. in length at 4721 Arlington Avenue
5 ft. at curbing, 3 ft. at sidewalk and 5 ft. in length at 4725 Arlington Avenue

Motion was made, seconded and carried that the application of John R. Worthman, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 820 Prange Drive, be granted.

A petition, providing for the widening of the pavement on the west side of Fairfield Avenue from Home Avenue to Wildwood Avenue, to a width of 3 feet, using W.P.A. labor, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Improvement Resolution Number 3257 - 1938, which provides for the improving of Foster Parkway from the west property line of Harrison Boulevard to the east property line of Webster Street, there having been presented a remonstrance which was referred to the Engineer's office for a check-up, and after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, it now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3258 - which provides for the improving of Foster Parkway from the west property line of Webster Street to the east property line of Buell Drive;
3260 - which provides for the improving of the first alley south of Florence Avenue from the west property line of Hensch Street to the east property line of Meridian Street;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confimation of Street Improvement Resolution Number 3259, which provides for the improving of Maple Grove Avenue from the west property line of Fairfield Avenue to the east property line of South Wayne Avenue, there having been presented a remonstrance, which after a check-up was found **not** to contain the signatures of any of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no **further** objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3262 - 1938, which provides for the improving of the alley between Holton Avenue and Reed Street from the north the north property line of Colerick Street to the north property line of Hunt's

Addition, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 31% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 18th day of August, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions Numbered 3257, 3258, 3259, 3260 and 3262 and also a date and time when it will consider finally confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3256, which provides for the improving of Clermont Drive from the west property line of Buell Drive to the east property line of Tacoma Avenue, there having been filed a remonstrance signed by 68% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3256 - 1938, be RESCINDED.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3261, which provides for the improving of the alley between Archer Avenue and Greenlawn Avenue from the west property line of Short Street to the east property line of Hensch Street, there having been filed a remonstrance signed by 57% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3261 - 1938, be RESCINDED.

A remonstrance, against the paving of Chestnut Street from Lumbard Street to Summer Street, was received. Motion was made, seconded and carried that the same be placed on file.

The Board then upon motion adjourned.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 706 - 1938

For the condemnation of a right-of-way for sewer purposes, across, through and under portions of Lots Numbered 32 and 96 Riverside Second Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn a right-of-way for sewer purposes across, through and under portions of Lots Numbered 32 and 96 Riverside Second Addition.

The condemnation of the right-of-way as above described to be made by condemning and appropriating for sewer right-of-way the following described property: The east six (6) feet of Lot Number 32 Riverside Second Addition and the west six (6) feet of Lot Number 96 Riverside Second Addition.

All as shown by a plan of such proposed condemnation of said right-of-w now on file in the office of the Department of Public Works of said City.

The property which may be injuriously or beneficially affected by the proposed sewer right-of-way as above described is described as all lots and lands lying south of Springfield Avenue; west of Woodrow Avenue; north of Cora Avenue and east of Parnell Avenue.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations," approved March 6th, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof

All of said streets and lots and lands affected by the above described right-of-way condemnation being situated in South Half of Section 25, Township 31 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 706-1938, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 13th and 20th days of August, 1938, and that Thursday, the 1st day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

In the matter of Main Sewer Improvement Resolution No. 72 - 1937, which provides for the furnishing of materials for said improvement, including whatever labor is necessary above that furnished by Federal Agencies for the construction of a sewer commencing at the intersection of the easement between Glazier Avenue and Vance Avenue produced west and the St. Joseph River; thence east in and along the easement between Glazier Avenue and Vance Avenue to Parnell Avenue; also in and along the easement west of Parnell Avenue from the easement between Glazier Avenue and Vance Avenue to the intersection of the easement which crosses Lot Number 26 Riverside Addition; also in and along the easement which crosses Lot Number 26 Riverside Addition from the easement west of Parnell Avenue to Parnell Avenue; also in and along the easement between Ferguson Avenue and Cook Avenue from Parnell Avenue to Woodrow Avenue; (the abovementioned easements being condemned under Declaratory Resolution Number 691-1937); thence south in and along Woodrow Avenue to Vance Avenue; thence east in and along Vance Avenue from Woodrow Avenue to Crescent Avenue; motion was made, seconded and carried that all action previously taken in the matter of Main Sewer Improvement Resolution Number 72-1937, BE RESCINDED.

The City Engineer now submitted plans, specifications and estimate for the construction of a sewer in and along the sewer easement as condemned under Declaratory Resolution No. 691, between Cook Avenue and Ferguson Avenue from the sewer easement east of Parnell Avenue to Woodrow Avenue; thence south in and along Woodrow Avenue to the sewer easement north of Vance Avenue, as condemned under Declaratory Resolution No. 700; thence east in and along said sewer easement north of Vance Avenue from Woodrow Avenue to Vance Avenue, as more fully set out in Local Sewer Improvement Resolution Number 486, which plans, specifications and estimate were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 486 - 1938.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted for local use by the property holders whose property abuts thereon, and not intended for receiving sewage from collateral drains, be and the same is hereby ordered in and along the sewer easement as condemned under Declaratory Resolution No. 691, between Cook Avenue and Ferguson Avenue from the sewer easement east of Parnell Avenue to Woodrow Avenue; thence south in and along Woodrow Avenue to the sewer easement north of Vance Avenue, as condemned under Declaratory Resolution No. 700; thence east in and along said sewer easement north of Vance Avenue from Woodrow Avenue to Vance Avenue. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred are to be paid in ten equal annual installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond or bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property - Owners of the adoption of the foregoing Improvement Resolution Number 486, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 13th and 20th days of August, 1938, and that Thursday, the 1st day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 707 - 1958

For the condemnation of a right-of-way for sewer purposes, twelve (12) feet in width, across, through and under a portion of Lot Number 69 Elizabeth C. Hanna's Subdivision.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn a right-of-way for sewer purposes, twelve (12) feet in width, across, through and under a portion of Lot Number 69 Elizabeth C. Hanna's Subdivision.

The condemnation of the right-of-way as above described to be made by condemning and appropriating for sewer right-of-way the following described property. A portion of Lot Number 69 Elizabeth C. Hanna's Subdivision described as follows: A strip twelve (12) feet in width, the center line of which is described as, commencing at a point on the south property line of Vance Avenue two hundred fifty (250) feet west of the west property line of Crescent Avenue; thence in a southeasterly direction to a point on the west line of Crescent Avenue, eighty-nine (89) feet south of the south line of Vance Avenue.

All as shown by a plan of such proposed condemnation of said right-of-way now on file in the office of the Department of Public Works of said City.

The property which may be injuriously or beneficially affected by the proposed sewer right-of-way as above described is described as all lots and lands lying west of Anthony Boulevard; north of the first alley north of Curdes Avenue; east of Kentucky Avenue and south of Vance Avenue.

All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described right-of-way condemnation being situated in the Northeast Quarter of Section 36, Township 31 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 707-1938, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 31st day of August and the 7th day of September, 1938, and that Thursday, the 22nd day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

In the matter of Local Sewer Improvement Resolution Number 474-1937 which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a sewer in and along the easement south of Kenwood Avenue, as condemned under Declaratory Resolution Number 689, from the west line of Parnell Avenue to Kentucky Avenue, motion was made, seconded and carried that all action previously taken in the matter of the foresaid Improvement Resolution Number 474-1937, BE RESCINDED.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the construction of a sewer in and along the easement south of Kenwood Avenue from the west line of Parnell Avenue to Crescent Avenue, as more fully set out in Local Sewer Improvement Resolution Number 487.

For the construction of a sewer in and along the easements as condemned under Declaratory Resolutions Numbered 674 and 676, north of Charlotte Avenue from a point one hundred forty (140) feet west of the west line of Parnell Avenue to the east line of Lot Number 3 Elizabeth C. Hanna's Subdivision, as more fully set out in Local Sewer Improvement Resolution Number 488.

Motion was then made, seconded and carried that the following resolutio be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 487 - 1938

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the easement south of Kenwood Avenue from the west line of Parnell Avenue to Crescent Avenue. Said sewer shall be twenty-four (24) and twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 488 - 1938

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the easements as condemned under Declaratory Resolutions Numbered 674 and 676, north of Charlotte Avenue from a point one hundred forty (140) feet west of the west line of Parnell Avenue to the east line of Lot Number 3 Elizabeth C. Hanna's Subdivision. Said sewer shall be twenty-four (24) and eighteen (18) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provides for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred, upon the aforesaid improvement resolutions Numbered 487 and 488, are to be paid in ten equal annual installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment for such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond or bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 487 and 488, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 31st day of August and the 7th day of September, 1938, and that Thursday, the 22nd day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when it will consider confirming the same.

The City Engineer now submitted plans, specifications and estimate for the improving of Foster Parkway from the west property line of Harrison Boulevard to the east property line of Buell Drive, as more fully set out in Street Improvement Resolution Number 3276, which plans, specifications and estimate were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3276 - 1938

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Foster Parkway from the west property line of Harrison Boulevard to the east property line of Buell Drive by draining, curbing,grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detailed drawing and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement, shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, amd the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3276, be published in the Fort Wayne News-Sentinel and the Fort Wayne-Journal-Gazette on the 31st day of August and the 7th day of September, 1938, and that Thursday, the 22nd day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoin resolution also a date and time when it will consider confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3263-1938, which provides for the improving of the sidewalk on the south side of Main Street from the southwest line of Lot Number 4 Archer's Brooksi Addition to the southwest line of Lot Number 30 Archer's Brookside Addition, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Tuesday, the 23rd day of August, 1938, at 10:00 o'clock A. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 485-1938, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the easement between Parnell Avenue and Oswego Avenue from the north line of Lots Numbered 16 and 26 Riverside Addition to the St. Joseph River; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies under Local Sewer Improvement Resolution Number 485-1938, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 27th day of August and 3rd day of September, 1938, and that Tuesday, the 20th day of September, 1938, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies under the aforementioned resolution.

Motion was made, seconded and carried that Notice to Contractors of the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies under Local Sewer Improvement Resolution Number 480-1938, which provides for the construction of a sewer in and along the sewer easement north of State Boulevard as established under Declaratory Resolution No. 701, from the east line of Lot Number 15 Neuhuas Acre Addition to the west line of Lot Number 20 Neuhaus Acre Addition; also in and along Poinsette Drive from said easement north of State Boulevard to Irene Avenue, which was confirmed Thursday, August 11, 1938, at 7:30 o'clock P. M., be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 27th day of August and the 3rd day of September, 1938, and that Tuesday, the 20th day of September, 1938, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies under the aforementioned resolution.

The L. W. DAILEY CONSTRUCTION COMPANY reported the work completed under Alley Improvement Resolution Number 3253-1938, which provides for the improving of the alley between State Boulevard and Lynn Avenue from Carew Street to Rolston Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The City Engineer submitted primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3249 - which provides for the improving of the first alley North of Burgess Street from the west property line of Sherman Boulevard to the east property line of Oakland Street;
3252 - which provides for the improving of the alley between Oakland Street and St. Mary's Avenue from the north property line of Fourth Street to the south property line of Spring Street;
motion was made, seconded and carried that the same be and are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 30th and 31st days of August, 1938, and that Thursday, the 1st day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

The City Engineer submitted an assessment roll of benefits and damages for Declaratory Resolution Number 704-1938, which provides for the construction, maintenance and repair of a private overhead passageway, ramp or overpass over and across Webster Street between Pearl Street and the New York, Chicago and St. Louis Railroad Company right-of-way, motion was made, seconded and carried that the same be and is hereby APPROVED and that Thursday, the 8th day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The City Engineer submitted an assessment roll of benefits and damages for Declaratory Resolution Number 705-1938, which provides for the condemnation of a right-of-way for sewer purposes, across, through and under poritons of Lot Number 28 Bird's Partition; also portions of Lots Numbered 20 and 21 Homestead Park Amended Addition; also a portion of the East Half of the Southeast Quarter of Section 7, Township 30 North, Range 13 East, which lies south of and adjoining Homestead Park Amended Addition; motion was made, seconded and carried that the same be and is hereby APPROVED and that Notice to Non-Residents be published in the Fort Wayne News-Sentinel and the Fort Wayne Jorunal-Gazette on the 27th day of August and the 3rd and 10th days of September, 1938, and that Thursday, the 22nd day of September, 1938, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

704 - which provides for the construction, maintenance and repair of a private overhead passagway, ramp or overpass over and across Webster Street between Pearl Street and the New York, Chicago and St. Louis Railroad Company right of way;

there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be **FULLY AND FINALLY CONFIRMED** and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3251 - which provides for the improving of the alley between Greene Street and Creighton Avenue from Holton Avenue to Reed Street;
3253 - which provides for the improving of the alley between State Boulevard and Lynn Avenue from Carew Street to Rolston Street;

also a date and time when the Board would hear and consider objections or remstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of the pro rata assessment or each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforemetioned resolutions be finally accepted and the assessment rolls **CONFIRMED** and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Consulting Engineers for the Sewer Project, Cole, Moore and Geupel, Incorporated and the City Attorney now submitted plans and specifications for the condemnation of a right of way for intercepting sewer purposes across, through and under the following described real estate, to-wit: Beginning at apoint on the south line of Lake Avenue one hundred twenty-three and five tenths (123.5) feet east of the east line of Pemberton Drive, thence east along the south line of Lake Avenue a distance of one hundred sixty-five and five-tenths (165.5) feet , thence south parallel to and two hundred eighty-nine (289) feet east of the east line of Pemberton Drive a distance of ninety-four (94) feet, thence west a distance of eighty (80) feet, thence south parallel to and two hundred nine (209) feet east of the east line of Pemberton Drive to the northerly line of the Maumee River, thence south westerly along the northerly line of the Maumee River to a point, which point is the intersection of a line parallel to and one hundred twenty-three and five-tenths (123.5) feet east of the east line of Pemberton Drive and the northerly line of the Maumee River, thence north parallel to and one hundred twenty-three and five-tenths (123.5) feet east of the east line of Pemberton Drive to the south line of Lake Avenue, which point is the place of beginning, situated in the West one-half (1/2) of Section Six (6), Township Thirty (30) North, Range Thirteen (13) East, Allen County, Indiana, and lying outside of the corporate limits of the City of Fort Wayne, as more fully set out in Declaratory Resolution Number 708, which plans and specifications were upon motion approved.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 708 - 1938

For the condemnation of a right of way for intercepting sewer purposes across, through and under the following described real estate, to-wit: Beginning at a point on the south line of Lake Avenue one hundred twenty-three and five tenths (123.5) feet east of the east line of Pemberton Drive, thence east along the south line of Lake Avenue a distance of one hundred sixty-five and five tenths (165.5) feet, thence south parallel to and two hundred eight-nine (289(feet east of the east line of Pemberton Drive a distance of ninety-four (94) feet, thence west a distance of eighty (80) feet, thence south parallel to and two hundred nine (209) feet east of the east line of Pemberton Drive to the northerly line of the Maumee River, thence south westerly along the northerly line of the Maumee River to a point, which point is the intersection of a line parallel to and one hundred twenty-three and five-tenths (123.5) feet east of the east line of Pemberton Drive and the northerly line of the Maumee River, thence north parallel to and one hundred twenty-three and five-tenths (123.5) feet east of the east line of Pemberton Drive to the south line of Lake Avenue, which point is the place of beginning, situated in the West one-half (1/2) of Section Six (6) Township Thirty (30) North, Range Thirteen (13) East, Allen County, Indiana, and lying outside of the corporate limits of the City of Fort Wayne.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn and acquire the use and fee simple title for a right of way for intercepting sewer purposes, across, through and under the following described real-estate, to-wit:

> Beginning at a point on the south line of Lake Avenue one hundred twenty-three and five tenths (123.5) feet east of the east line of Pemberton Drive, thence east along the south line of Lake Avenue a distance of one hundred sixty-five and five tenths (165.5) feet, thence south parallel to and two hundred eighty-nine (289) feet east of the east line of Pemberton Drive a distance of ninety-four(94) feet, thence west a distance of eighty (8) feet, thence south parallel to and two hundred nine (209) feet east of the east line of Pemberton Drive to the northerly line of the Maumee River, thence southwesterly along the northerly line of the Maumee River to a point, which point is the intersection of a line parallel to and one hundred twenty-three and five tenths (123.5) feet east of the east line of Pemberton Drive and the northerly line of the Maumee River, thence north parallel to and one hundred twenty-three and five-tenths (123.5) feet east of the east line of Pemberton Drive to the south line of Lake Avenue, which point is the place of beginning, situated in the West one-half (1/2) of Section Six (6), Township Thirty (30) North, Range Thirteen (13) East. Allen County, Indiana, and lying outside the corporate limits of the City of Fort Wayne.

The condemnation of the right of way as above described to be made by condemning and appropriating for sewer right of way the following described real estate, to-wit:

> Beginning at apoint on the south line of Lake Avenue one hundred twenty-three and five-tenths (123.5) feet east of the east line of Pemberton Drive, thence east along the south line of Lake Avenue a distance of one hundred sixty-five and five-tenths (165.5) feet, thence south parallel to and two hundred eighty-nine (289) feet east of the east line of Pemberton Drive a distance of ninety-four (94) feet, thence west a distance of eighty (8) feet, thence south parallel to and two hundred nine (209) feet east of the east line of Pemberton Drive to the northerly line of the Maumee River, thence southwesterly along the northerly line of the Maumee River to a point, which point is the intersection of a line parallel to and one hundred twenty-three and five tenths (123.5) feet east of the east line of Pemberton Drive and the northerly line of the Maumee River, thence north parallel to and one hundred twenty-three and five tenths (123.5) feet east of the east line of Pemberton Drive to the south line of Lake Avenue, which point is the place of beginning, situated in the West one-half (1/2) of Section Six (6), Township Thirty (30) North, Range Thirteen (13) East, Allen County, Indiana, and lying outside of the corporate limits of the City of Fort Wayne.

All as shown by a plan of such proposed condemnation of said right of way now on file in the office of the Department of Public Works of said City.

All according the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled " An Act Concerning Municipal Corporations", approved March 6th, 1905 and the provisions of all acts amendatory thereto and supplemental thereof, and " An Act to authorize cities and towns to construct, own, equip,operate, maintain and improve works for the treatment and for the disposal of sewage; to authorize charges against owners of premises for the use of such works and to provide for the collection of same; to authorize cities and towns to issue revenue bonds payable solely from the revenues of such works and to make such bonds exempt for taxation and to make them lawful investments of sinking funds; to authorize contracts for the use of such works by other cities, towns and political subdivisions and charges against owners of premises therein served thereby; and declaring an emergency", approved August 17th,1932, and the provisions of all acts amendatory thereto and supplemental thereof.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said aforementioned real estate be condemned and appropriated for intercepting sewer purposes.

That the City of Fort Wayne will be benefitted by acquiring the use and fee simple title on the part of the City of said real estate and ground herein dexcribed, and which real estate is hebery proposed to be condemned and appropriated. That no other property is injuriously effected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefitted to the full extent of any damage caused by the approriation and condemnation.

That payment for damages shall be made pursuant to the provisions and conditions of Chapter 61 of the 1932 Acts of the General Assembly of the State of Indiana, Special Session.

Motion was made, seconded and carried that Notice to Property Owners affected by the adoption of Declaratory Resolution Number 708-1938, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on 10th and 17th days of September and that Thrusday, the 29th day of September, 1938, at 7:30 o'clock P.M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

The Board then upon motion adjourned.

Motion was then made, seconded and carried that the following resolution be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3277 - 1938.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Lynn Avenue and Dodge Avenue from the east property line of Crescent Avenue to the west property line of California Avenue by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement, shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3277, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette, on the 1st and 8th days of October, 1938, and that on Thursday, the 20th day of October, 1938, at 7:30 o'clock P. RESOLUTION

AUTHORIZING CONTRACT CHANGE

CITY OF FORT WAYNE, INDIANA

P.W.A. DOCKET NO. 1088-F

CHANGE ORDER NO. 1

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and the Hipskind Heating and Plumbing Company, the Contractor, for work to be done under Division "A" Contract No. 1

for the Northeast Interceptor Sewer and Appurtenances of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, be changed in the following respect:

> Add additional steel in seventy-two (72) inch reinforced concrete pipe to provide for earth loadings. The additional steel to develop reinforced concrete pipe shall conform to the strength requirements of Table I of the American Society for Testing Materials, Serial Designation: C 76-37.

This change provides for additional reinforcement equal to 26.12 pounds of additional steel to be placed in all concrete pipe to be placed at the following locations:

Station 15 + 00 to Station 23 + 41.5 = 822 lineal feet
Station 32 + 35 to Station 33 + 13 = 78 lineal feet

900 lineal feet of pipe @ 26.12 pounds extra steel = 23,508 pounds

23,508 pounds of steel less credit for additional steel as provided in contract unit price = 22,008 pounds of additional steel at Contractor's unit bid price.

22,008 pounds @ $0.06 per pound = $1320.48

Extra provided by this change	$1320.48
Deductions	x x x x
This change	$1320.48

It is hereby mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the change above set out.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attach and made a part hereof, to make the said change and accept therefor an addition in the contract price of $1,320.48 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

BOARD OF PUBLIC WORKS

Approved: November 17, 1938.

I, Charles F. Hess, the duly qualified and acting Secretary of the Board of Public Works of the City of Fort Wayne, do hereby certify that the above and foregoing resolution is a true, compared and correct copy of the resolution which was duly adopted by the Board of Public Works of the said City on the 17th day of November, 1938, and which is now on file in my office as a part of the official records of the said City.

IN WITNESS WHEREOF, I have hereunto set may hand and official seal of the said City this 17th day of November, 1938.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 709 - 1938

For the vacation of the south eight (8) feet of Herbert Street from the east property line of Tecumseh Street to the east property line of Lot Number Twelve (12) J. H. Vesey's First Addition to the City of Fort Wayne, Indiana.

Resolved by the Board of Public Works of the City of Fort Wayne,India, that it is desired and deemed necessary to vacate the south eight (8) feet of Herbert Street from the east property line of Tecumseh Street to the east property line of Lot Number Twelve (12) J. H. Vesey's First Addition.

All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said City of Fort Wayne, Indiana.

The cost of said vacation as above described shall be assessed against the property beneficially affected thereby.

The property which may be injuriously or beneficially affected by the proposed vacation as above described is described as all lots abutting on said Herbert Street from Tecumseh Street to Canal Street.

All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled "An Act Concerning

Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City of Fort Wayne from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvements, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described street vacation being situated in the South Half of the Northeast Quarter of Section 1, Township 30 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 709-1938, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 20th and 27th days of December, 1938, and that Thursday, the 12th day of January, 1939, at 7:30 o'clock P. Motion was made, seconded and carried that the following contract and bond be approved and that the Contract be sent to the Council at their next regular meeting, held Tuesday, December 27, 1938, at 8:00 o'clock P. M.

CONTRACT

THIS AGREEMENT, Made and entered into this 20th day of December, 1938, by and between the JOURNAL-GAZETTE, Party of the First Part, and the CITY OF FORT WAYNE, ALLEN COUNTY, State of Indiana, by and through its BOARD OF PUBLIC WORKS, Party of the Second Part, WITNESSETH:

That the party of the first part covenants and agrees to print in The Fort Wayne Journal-Gazette proceedings of the Common Council of the City of Fort Wayne, Indiana, from January 1, 1939 until December 31, 1939, and to furnish the party of the second part, One Hundred Twenty-five (125) copies of the proceedings of each Council meeting bound in pamphlet form, and to furnish and complete, upon the termination of this contract, on December 31, 1939, One Hundred and Fifty (150) copies of the proceedings of the entire year, bound together with an index for each of said copies, One Hundred (100) of said copies to be bound with Buckram, and Fifty (50) copies to be bound in cloth.

That party of the first part expressly agrees to perform all the work and furnish all the material, in accordance with the terms and conditions of the specifications on file in the office of the Department of Public Works of said City, which specifications are made a part of this Contract, and to the entire satisfaction of the Board of Public Works.

The consideration to be paid by the City of Fort Wayne, Indiana, for printing and binding the Council Proceedings and for publishing the same by the aforementioned Journal-Gazette Compsny, shall be at the rate of One Dollar and Two Cents ($1.02) per lineal inch, actual measurement, measured in the column as particularly set forth in said specifications, including the index, which shall be measured as Two (2) columns the same as any page of the proceedings, when the width of the entire page is used for said index, and the price for publishing all ordinances and other publications required to be made by law, shall be One Dollar and Two Cents ($1.02) per inch, column width, to be measured as the same appear in said paper.

It is further agreed by the parties hereto that in case the first party fails to perform all the conditions required by this contract, to be performed by it, the party of the second part shall have the right to take charge of said work and have the same done and deducted thereof from any amount then due the party of the first part.

The party of the first part agrees that in the prosecution of said work all proper skill will be exercised and the party of the first part agrees to furnish sufficient bond in the sum of Two Thousand ($2,000.00) Dollars, payable to the City of Fort Wayne, Indiana, for the faithful performance of all the conditions of this contract.

It is hereby agreed that no assignment of this contract shall be made without the written consent of said party of the second part.

IN WITNESS WHEREOF, the foregoing named parties hereunto set their hands and seals the day and year above written.

Thursday, December 29, 1938,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: Robert G. Beams, A. T. Andersen, John H. Johnson,
Charles F. Hess, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, December 27th at 10:00 A. M. and the Special Meeting of Wednesday, December 28th at 4:00 o'clock P. M. stand approved as read.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company to make cuts into the following pavements be granted: 4828 Fairfield Avenue; 4302 Hanna Street on McKinnie Avenue; Tennessee Avenue at Bridge; 112 East Wayne Street; 1001 West Wayne Street.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain Improvement Resolutions, the Board now proceeded to hold said hearing with the following results:

In the matter of Local Sewer Improvement Resolutions Numbered:

490 - which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a sewer in and along the alley between Reynolds Street and Chestnut Street from Birchwood Avenue to Roy Street;
491 - which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a sewer in and along the sewer easement west of Oswego Avenue from Vance Avenue north to the St. Joseph River;
which sewers are intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains; after hearing all persons who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the work to be performed under Local Sewer Improvement Resolutions Numbered 490 and 491, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 4th and 11th days of January, 1939, and that Tuesday, the 24th day of January, 1939, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed and/or materials to be furnished under the aforementioned resolutions.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the L. W. Dailey Construction Company, signed by the Standard Accident Insurance Company, covering the work to be performed under Improvement Resolution Number 3276, which provides for the improving of Foster Parkway from the west property line of Harrison Boulevard to the east property line of Buell Drive, be approved.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 710 - 1939

For the vacation of the east five and five tenths (5.5) feet of Grant Avenue as now established, from the north property line of Wayne Trace to the north line extended of Lot Number 185 Fletcher's Addition to the City of Fort Wayne, Indiana.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the east five and five tenths (5.5) feet of Grant Avenue as now established, from the north property line of Wayne Trace to the north line extended of Lot Number 185 Fletcher's Addition to the City of Fort Wayne, Indiana.

All as shown by a plan of such proposed vacation now on file in the office of the Department of Public Works of the City of Fort Wayne, Indiana.

The cost of said vacation as above described shall be assessed against the property beneficially affected thereby.

The property which may be injuriously or beneficially affected by the proposed vacation as above described, is described as all lots abutting said Grant Avenue from Wayne Trace to the Wabash Railroad.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning

Municipal Corporations, "approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments, if deferred, are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages, except for such moneys as shall have been actually received by the City from the assessment for such property damages, or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described street vacation being situated in the Northwest Quarter of Section 7, Township 30 North, Range 13 East, and lying within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 710-1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 28th day of January and the 4th day of February, 1939, and that Thursday, the 16th day of February, 1939, at 7:30 o'clock P. This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 492-1939, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the sewer easement between Cook Avenue and Cora Avenue from sewer easement east of Parnell Avenue to Woodrow Avenue; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the work to be performed under Local Sewer Improvement Resolution Number 492-1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 4th and 11th days of February, 1939, and that Tuesday, the 28th day of February, 1939, at 10:00 o'clock A. M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed and/or materials to be furnished under the aforementioned resolution.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 709-1938, which provides for the vacation of the south eight (8) feet of Herbert Street from the east property line of Tecumseh Street to the east property line of Lot Number Twelve (12) J. H. Vesey's First Addition to the City of Fort Wayne, Indiana; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Motion was made, seconded and carried that the contract for Contract No. 3, which provides for One (1) water tube steam boiler with superheater, air heater, economizer, water cooled walls, masonry setting, soot blowers, trimmings, supporting steel and upper front, all delivered and erected on Purchaser's foundation, in connection with the improvements at the City Light and Power Works of the City of Fort Wayne, on which bids were received Tuesday, January 24, 1939, at 10:00 o'clock A. M., be awarded to the BABCOCK & WILCOX COMPANY, Chicago, Illinois, at and for their alternate bid namely, $71,400.00 by which solid masonry wall will be substituted for suspended wall.

Motion was made, seconded and carried that the contract for Contract No. 4, which provides for One (1) multiple retort, underfeed stoker of the double roll, clinker grinder type, with stoker and grinder drives, delivered and erected, in connection with the improvements at the City Light and Power Works of the City of Fort Wayne, on which bids were received Tuesday, January 24, 1939, at 10:00 o'clock A. M., be awarded to the AMERICAN ENGINEERING COMPANY, Cleveland, Ohio, at and for their price bid, namely, $31,770.00, they being the lowest and best bidder.

The Board then upon motion adjourned.

RESOLUTION

AUTHORIZING CONTRACT CHANGE

CITY OF FORT WAYNE, INDIANA

P.W.A. DOCKET INDIANA 1081-F

CHANGE ORDER NO. 4-1-3

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the City that the contract between the said City and the Hipskind Heating and Plumbing Company, the Contractor for work to be done under Division "A" Contract No. 1 for the Northeast Interceptor Sewer and Appurtenances of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, be changed in the following respects:

(a) At Dodge Avenue, between Carew Street and Hubertus Drive, at Station 0 + 00 to Station 2 + 53.24, move the line into the center of the street.

(b) At the intersection of Rolston Street and Dodge Avenue, at Station 6 + 17.78, leave out two (2) standard inlets with No. 2 covers and two (2) standard inlets with No. 3 covers and connecting sewers at the northeast and southeast corners of the intersection. Connect the existing catch basins on the northeast and southeast corners with catch basins on the northwest and southwest corners using twelve (12) inch pipe sewer.

(c) At the intersection of Carew Street and Charlotte Avenue, at Station 29 + 96.88, construct a new catch basin to the northeast of the original existing catch basin on the southeast corner and run the connecting sewers to it from the manhole at Station 29 + 96.88 and from the catch basin on the northeast corner.

(d) At the intersection of Dodge Avenue and Carew Street, at Station 23 + 62.00, change the twelve (12) inch connecting sewer to run from the catch basin at the southwest corner to the manhole at Station 23 + 62.00.

(e) At Dodge Avenue, between Kensington and Woodward, Station 43 + 98.64 to Station 46 + 64.88 change the original manhole at Station 46 + 86.48 to Station 46 + 64.88 and move the line ten and three-tenths (10 3/10) feet south of the original line at this point. This will result in the line running from - the manhole at Station 43 + 98.46 to Station 46 + 64.88

(f) At the intersection of Lynn Avenue and Carew Street, at Station 19 + 90.00, change the twelve (12) inch connecting sewer between the inlet on the southwest corner and the catch basin on the northwest corner to a twelve (12) inch connecting sewer between the inlet on the southwest and the manhole at Station 19 + 90.00 on the forty-two (42) inch line.

(g) At the intersection of Lynn Avenue and Leroy Avenue, at Station 3 + 22.99 change the catch basin on the northeast corner from the existing catch basin and construct a standard catch basin with a No. 3 cover.

(h) On Leroy Avenue and in the alley south of Kenwood Avenue, between Leroy Avenue and Carew Street, from Station 59 + 64.69 to Station 62 + 75.00, change the catch basin at Station 62 + 75 to Station 59 + 64.69.

(i) On Buena Vista Drive, between Lawndale Drive and Kensington Boulevard, from Station 0 + 00 to Station 2 + 19.75, change the point of intersection at Kensington and Dodge from Station 40 + 24 to Station 40 + 26.35. Change the point of intersection from Station 1 + 89.69 to Station 2 + 18.09. The angle at this point will be changed from 156° 09' to 154° 48'. The point of intersection from Station 6 + 38.45 shall be changed to 6 + 39.60 which will change the angle at this point from 122° 21' to 121° 01'.

The above changes are to be made in accordance with the detailed drawings and descriptions herewith attached, and will result in a lump sum addition to the contract price of $297.72, as shown on Page 2 of the attached summary sheet.

It is hereby mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the changes above set out.

(2) It is hereby determined that all data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer and referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

(3) That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an addition in the contract price of $297.72 be and the same is hereby accepted in behalf of the said City.

(4) That such acceptance of the Contractor's proposal shall be in full force and effect only when a certified copy of the resolution is sent to the Contractor by the Engineer of the said City.

PENNSYLVANIA RAILROAD CO. RIGHT-OF-WAY

A temporary sewer construction easement eighty (80) feet in width and a permanent sewer easement twenty (20) feet in width with an identical center-line, which at its intersection with the center-line of the Pennsylvania Railroad Right-Of-Way is approximately sixty (60) feet westerly from the westerly line of the St. Marys River, and the included angle between the south portion of said easement center-line and the east portion of said right-of-way center-line equals sixty-nine (69) degrees thirty and one-half (30 1/2) minutes.

The condemnation of the right of way as above described to be made by condemning and appropriating for temporary sewer construction easement and a permanent sewer right-of-way the real estate as fully described above and made a part hereof as though fully set forth, all as shown by a plan of such proposed condemnation of temporary sewer construction easement and permanent sewer right-of-way, now on file in the office of the Department of Public Works of said City.

All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations", approved March 6th, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, and "An Act to authorize cities and towns to construct, own, equip, operate, maintain and improve works for the treatment and for the disposal of sewage; to authorize charges against owners of premises for the use of such works and to provide for the collection of same; to authorize cities and towns to issue revenue bonds payable solely from the revenues of such works and to make such bonds exempt from taxation and to make them lawful investments of sinking funds; to authorize contracts for the use of such works by other cities, towns and political subdivisions and charges against owners of premises therein served thereby; and declaring an emergency," approved August 17th, 1932, and the provisions of all acts amendatory thereto and supplemental thereof.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said aforementioned real estate be condemned and appropriated for intercepting sewer purposes.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described and which real estate is hereby proposed to be condemned and appropriated. That no other property is injuriously affected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is and will be benefited to the full extent of any damage caused by the appropriation and condemnation.

That payment for damages shall be made pursuant to the provisions and conditions of Chapter 61 of the 1932 Acts of the General Assembly of the State of Indiana, Special Session.

The City Engineer now submitted plans for the opening and extending of Roxbury Drive from the east line of South Wood Park Addition, Section "G" to the west property line of Fairfield Avenue, to a width of sixty (60) feet for street and intercepting sewer purposes, as more fully set out in Declaratory Resolution No. 712-1939, which plans were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 712 - 1939

That the opening and extending of Roxbury Drive from the east line of South Wood Park Addition, Section "G" to the west property line of Fairfield Avenue, to a width of sixty (60) feet for street and intercepting sewer purpos

Resolved by the Board of Public Works of the City of Fort Wayne, Indian that it is desired and deemed necessary to open and extend Roxbury Drive from the east line of South Wood Park Addition, Section "G" to the west property lin of Fairfield Avenue, to a width of sixty (60) feet for street and intercepting sewer purposes.

All as shown by a plan of such proposed street opening and extension and intercepting sewer now on file in the office of the Department of Public Works of said City.

The opening and extending of Roxbury Drive as above described to be made by condemning and appropriating for street and intercepting sewer purposes the following described property:

A portion of Lot Number 5 R.-L. Britton Estate, in the City of Fort Wayne, Allen County, Indiana, sixty (60) feet in width north and south with a center line described as follows:

Beginning at a point thirty (30) feet due south of the southeast corne of Lot Number One hundred thirty-nine (139) in Section "G", of South Wood Park Addition to the City of Fort Wayne, Allen County, Indiana; thence east to a point on the west line of Fairfield Avenue which point is a distance of three hundred ten and thirty-five hundredths (310.35) feet north of the point of intersection of the center line of Fairfax Avenue with the west line of Fairfie Avenue.

All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations", approved March 6th, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, and "An Act to authorize cities and town to construct, own, equip, operate, maintain and improve works for the treatment and for the disposal of sewage; to authorize charges against owners of premises for the use of such works and to provide for the collection of same; to authorize cities and towns to issue revenue bonds payable solely from the revenues of such works and to make such bonds exempt from taxation and to make them lawful investments of sinking funds; to authorize contracts for the use of such work by other cities, towns and political subdivisions and charges against owners of premises therein served thereby; and declaring an emergency," approved August 17th, 1932, and the provisions of all acts amendatory thereto and supplemental thereof.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said aforementioned real estate be condemned and appropriated for street and for intercepting sewer purposes.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described and which real estate is hereby proposed to be condemned and appropriated. That no other property is injuriously affected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

That payment for damages shall be made pursuant to the provisions and conditions of Chapter 61 of the 1932 Acts of the General Assembly of the State of Indiana, Special Session.

A petition, providing for the construction of a sewer between Chestnut Street and New Haven Avenue from Holly Avenue to Redwood Avenue, using labor furnished by Federal Agencies as much as possible, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Illinois Street and Manufacturers Avenue from the west property line of Perry Avenue to the Junk Ditch, as more fully set out in Street Improvement Resolution Number 3278.

For the improving of the alley between Main Street and Berry Street from the west property line of Ewing Street to the east property line of Fairfield Avenue, as more fully set out in Alley Improvement Resolution Number 3279.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3278 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Illinois Street and Manufacturers Avenue from the west property line of Perry Avenue to the Junk Ditch by draining, curbing, grading and paving the roadway to a uniform width of twenty-two (22) and twenty-four (24) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER **3279** - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Main Street and Berry Street from the west property line of Ewing Street to the east property line of Fairfield Avenue by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, on Improvement Resolutions Numbered **3278** and **3279**, are to be paid in ten equal installments, with interest at the rate of five (5) per cent per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contracto in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered **3278** and **3279**, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 24th day of February and the 3rd day of March,1939, and that Thursday, the 16th day of March, 1939, at 7:30 o'clock P. Re: Proceed Order for Change
Sewers and Sewage Treatment
Plant Project,
Fort Wayne, Indiana
P.W.A. Docket Indiana No. 1081-F
Division "A" Contract No. 1

Gentlemen:

We, the Board of Public Works, acting for and in the behalf of the City of Fort Wayne, Indiana, are hereby requesting you to immediately proceed with work on the following change:

The thirty-six (36) inch sewer line on Anthony Boulevard between Curdes Avenue and Dodge Avenue is to be changed from its original location in the east parkway to the west side of the street to avoid the destruction of several trees.

This work is to be carried out on the basis of the supplementary schedule of unit prices as set out in the contract.

It is also mutually understood and agreed that in accepting this order the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is issued with the understanding that an emergency exists and that any further delay would tend to hold up construction. The Contractor is now set up at Anthony Boulevard and Dodge Avenue and is prepared to immediately start work on the line to the north on Anthony Boulevard.

Therefore this proceed order is given pending tentative and final approval of the change by the Public Works Administration.

Motion was made, seconded and carried that the following resolution be approved and adopted:

RESOLUTION

AUTHORIZING CONTRACT CHANGE

CITY OF FORT WAYNE, INDIANA

P.W.A. DOCKET INDIANA 1081-F

CHANGE ORDER NO. 5-1-4

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and the Hipskind Heating and Plumbing Company, the Contractor, for work to be done under Division "A", Contract No. 1 for the Northeast Interceptor Sewer and Appurtenances of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

(a) The original twenty-seven (27) inch sewer line in the south parkway is to be moved to the north into the street two (2) feet to the south of the center-line of Curdes Avenue from station 13 + 10 to station 19 + 18. The original manhole at station 18 + 90.37 is to be changed to station 19 + 17.93. The original manhole at station 13 + 09.13 is to be changed to the north of station 13 + 09.13. Also, an additional manhole is to be constructed at station 13 + 58. The following changes are to be made at the intersection of Curdes Avenue and Anthony Boulevard. The original catch basin at the southwest corner and the three (3) connecting sewers to it are not to be constructed. The original catch basin at the southeast corner and its connecting sewer are not to be constructed. An inlet is to be constructed and connected to the existing catch basin on the southwest corner. The existing catch basins on the northwest and southwest corners are to be connected to the revised manhole at station 13 + 58. The inlet on the northeast corner is to be connected to the catch basin on the southeast corner. The two (2) catch basins on the southeast corner are to be connected to the revised manhole at station 13 + 09.13.

(b) Forty (40) lineal feet of the twelve (12) inch sanitary sewer, running north and south across Curdes Avenue at station 19 + 17.93 is to be taken up and relaid with new twelve (12) inch sewer pipe to new inverts so as to come under the manhole on the twenty-four (24) inch storm sewer at station 19 + 17.93.

(c) The original forty-two (42) inch sewer line on Woodward Avenue between Lawndale Drive and Curdes Avenue is to be revised as follows. At station 50 + 88.76 the revised line is to be six (6) feet to the east of the original line and from that point on it is to follow along the east curb line of Woodward Avenue and intersect the original line at station 56 + 83.65. The original monolithic curve sewer at station 50 + 88.76 is to be moved to the east six (6) feet with the same radius and length. The original manhole at station 0 + 30 on Lawndale Drive is to be constructed six (6) feet to the east. The original manhole at station 53 + 56.93 is to be changed to station 52 + 97.86. The original monolithic curve sewer at station 53 + 71.93 is to be changed to station 53 + 12.86 with a new radius of 141.57 feet and a length of 29.89 feet. The original manhole at station 54 + 50 is to be changed to station 54 + 49.95 and the existing catch basins at the east and west curbs are to be connected to it. An additional monolithic curve sewer is to be constructed at station 54 + 64.45 with a tangent of 15 feet, radius of 132.34 feet and a length of 29.92 feet. The original manhole at station 56 + 53.80 is to be changed to station 56 + 43.65, and the existing catch basin at the north curbing of Curdes Avenue is to be connected to it. The original monolithic curve sewer at station 56 + 73.8 is to be changed to station 56 + 86.65 with a new radius of 44.48 feet, length of 37.59 feet, and a tangent of 20 feet. The original inlet on the northeast corner of Lawndale Drive and Woodward Avenue and its connecting sewer are not to be constructed. Also, an additional six (6) lineal feet of forty-eight (48) inch pipe sewer is to be constructed on Lawndale Drive from station 0 + 30 to station 0 + 36.

(d) The original location of the eighteen (18) inch sewer line in the south parkway of Curdes Avenue, between Anthony Boulevard and Lawndale Drive, is to be moved to the north into the street two (2) feet to the south of the center-line of Curdes Avenue. The original manhole at station 1 + 67.23 is to be changed to station 2 + 17.18. The original manhole at station 2 + 77.35 is to be changed to station 3 + 38.18. The original inlet on the southeast corner of Lawndale Drive and Curdes Avenue and its two (2) connecting sewers are not to be constructed. The inlet on the southwest corner is to be connected to the existing catch basin on the southeast corner, and this catch basin is to be connected to the manhole at station 3 + 38.18. The two (2) catch basins on the north and south curb of Curdes Avenue at Lawndale Drive are to be connected to the manhole at station 3 + 38.18. The existing catch basin on the northwest corner of the alley and Curdes Avenue is to be connected to the manhole at station 2 + 17.18.

(e) The original locationof the thirty-six (36) inch sewer line in the east parkway of Anthony Boulevard between Dodge Avenue and Curdes Avenue, is to be moved to the West, into the street, seven (7) feet to the east of the west curb line, from revised station 3 + 91.23 to revised station 13 + 68. At revised station 3 + 91.23, a monolithic curve sewer is to be built and connected to the original line on Dodge Avenue at original station 2 + 84.56.

The following changes are to be made at Anthony Boulevard and Clara Avenue. The original catch basin and inlet are not to be constructed. The existing catch basin on the northeast corner is to be connected to the manhole at revised station 7 + 15.15.

The following changes are to be made at Anthony Boulevard and Dodge Avenue. The original manhole at station 3 + 56.56 is to be changed to revised station 3 + 91.23. The inlets on the northwest and southwest corners are to be constructed as original. The inlet on the northwest corner is to be connected to the existing catch basin on the northwest corner, and this catch basin is to be connected to the manhole at revised station 3 + 91.23. The existing catch basin on the northeast corner is also to be connected to the manhole at revised station 3 + 91.23. The two (2) original catch basins on the northeast and northwest corners, and their connecting sewers, are not to be constructed.

(f) Inasmuch as there is an existing catch basin on the northeast corner of Crescent Avenue and Curdes Avenue, a new catch basin is not to be constructed at this point. The arrangement of the connecting sewers at this intersection is to be changed as follows: The existing catch basin on the northeast corner is to be connected to the manhole at station 22 + 66.76. The new catch basin on the northwest corner is to be connected to the existing catch basin on the southeast corner. The catch basin on the southeast corner is to be connected to the manhole at station 22 + 66.76.

The above changes are to be made in accordance with the detailed drawings and descriptions herewith attached, and will result in an addition to the contract price of one thousand nine hundred and forty-nine dollars and fifty-eight cents ($1,949.58) as shown on sheet five (5) of the accompanying summarization.

It is hereby mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the changes above set out.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer and referred herein and made a part hereof, was properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an addition in the contract price of $1,949.58 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect only when a certified copy of the resolution is sent to the Contractor by the Engineer of the said City, and not until then.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Wildwood Avenue from the east property line of Lafayette Street to the west curb line of Warsaw Street, as more fully set out in Street Improvement Resolution Number 3280.

For the improving of the first alley west of Hanna Street from the south property line of Suttenfield Street to the north property line of Pontiac Street, as more fully set out in Alley Improvement Resolution Numbered 3281.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3280 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Wildwood Avenue from the east property line of Lafayette Street to the west curb line of Warsaw Street by draining, curbing, grading and paving the roadway to a uniform width of twenty-four (24) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement, shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3281 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the first alley west of Hanna Street from the south property line of Suttenfield Street to the north property line of Pontiac Street by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation,or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, on Improvement Resolutions Numbered 3280 and 3281, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3280 and 3281 be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 1st and 8th days of April, 1939, and that Thursday, the 20th day of Apri 1939, at 7:30 o'clock P. Gentlemen:

We, the Board of Public Works, acting for and in the behalf of the City of Fort Wayne, Indiana, are hereby requesting you to proceed with work on the following change:

(a) At the intersection of Kensington and Forest Avenue, an additional inlet is to be constructed on the southeast corner to replace the existing catch basin which was destroyed when the 12" sanitary sewer was laid. Connect the two (2) inlets on the southeast corner to the catch basin on the northeast corner. The connecting sewer from the catch basin on the northeast corner to the manhole at station 26 + 45.47 is to be changed from a 12" to a 15" pipe sewer. The original 12" connecting sewer from the original existing catch basin that is on the southeast corner to the manhole at station 26 + 45.47 is not to be constructed.

(b) An additional catch basin is to be constructed on Woodward Avenue at station 54 + 50 to take the place of the existing catch basin at this point which was found to be in a bad state of deterioration.

This work is to be carried out on the basis of the supplementary schedule of unit prices as set out in the contract.

It is mutually understood and agreed that in accepting this order the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is given upon the issuance of tentative approval by Mr. F. C. Lingenfelter, Resident Engineer Inspector for the Public Works Administration; and pending final approval of the change by the Public Works Administration.

Re: Proceed order for Change
Sewers and Sewage Treatment Plant Project
Fort Wayne, Indiana
P.W.A. Docket No. Indiana 1081-F
Division "A" Contract No. 1
Change No. 6

Gentlemen:

We The Board of Public Works, acting for and in the behalf of the City of Fort Wayne, Indiana, are hereby requesting you to immediately proceed with work on the following change:

> The twelve (12) inch sanitary sewer on Kensington Boulevard is to be extended one hundred and ninety-five (195) lineal feet to the north of station 30 + 50 in order to pick up four (4) additional house connections. The original manhole at station 30 + 50 is to be changed to station 32 + 45.

This work is to be carried out on the basis of the schedule of unit prices as set out in the contract.

It is also mutually understood and agreed that in accepting this order the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is issued with the understanding that an emergency exists in that four (4) house connections have been plugged, pending the extension of the sanitary sewer, and the basements of these four (4) houses are in the process of becoming flooded.

Therefore this proceed order is given pending tentative and final approval of the change by the Federal Emergency Administration of Public Works.

CITY OF FORT WAYNE, INDIANA
by and through its
BOARD OF PUBLIC WORKS

(Signed) DAVID LEWIS

(Signed) J. H. JOHNSON

The Board then upon motion adjourned.

Motion was made, seconded and carried that the application of Fred H. Kanning, to construct a curb walk 2 feet in width at curbing, 2 feet in width at sidewalk and 40 feet in length at 1723 Lake Avenue, be granted.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the construction of cement sidewalks on the south side of Berry Street from Calhoun Street to Clinton Street.

Motion was made, seconded and carried that the application of R. Shea, of the WPA, to make a cut into the curbing to a width of 40 ft. and to construct a driveway to a width of 36 feet at 420 East Washington Boulevard, be granted.

Sisters of Providence, Bishop John F. Noll, Peoples Trust and Savings Company, Charles W. and Elizabeth Wagner and Johanna Bueschjng, submitted plans and specifications for the improving of certain real estate by the construction of a local sewer in the alley and easement between PEMBERTON DRIVE and RANDALLIA DRIVE from NEVADA AVENUE to FOREST AVENUE, as more fully set out in WAIVER IMPROVEMENT RESOLUTION NUMBER 493-1939, now on file in the office of the Department of Public Works.

WAIVER SEWER IMPROVEMENT RESOLUTION NUMBER 493-1939, is in accordance with the methods and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6th, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, waiving any irregularity or illegality in the taking of any steps or requisite, or in the omission to take any steps or requisite, as required by law for the ordering and performing the work contemplated in such resolution, and the making, adopting and confirming the assessment roll against the tracts of real estate above described to pay for the cost of such improvement, and in the issuance of bonds therefor, and, in order to particularly describe certain things hereby waived, but not intending thereby to limit the nature of the general waiver above set forth, we further expressly agree to, and to hereby waive any delay in the adoption and confirming of the preliminary resolution for the improvement above described, the giving of notice by publication or otherwise of adoption of such Resolution; the making and filing of an Engineer's Estimate of total cost; the setting of a date for hearing remonstrances, and the giving the notice of the same, when the Board would hold a hearing and modify, rescind or confirm such Resolution; the right to remonstrate within ten days after the time as provided by the Statute for modification, rescission or confirmation of such Resolution; the advertising for and receiving bids for the performance of such work; the fixing of a date for hearing on the assessment roll adopted for the payment of the cost of said improvement, the giving of notices and advertisement of the date and fact of such hearing, and the right to be notified on the adoption of such assessment roll and to file any remonstrance or objections thereto; the right to have the confirmation of the assessment roll delayed beyond the day upon which the same is originally adopted; the right to remonstrate against the amount assessed against the respective properties above described; the right to appeal from any finding or action of said Board of Public Works in said proceedings or on or in connection with said assessment roll or the adoption or confirmation thereof; and the right to appeal to any court for or to file a petition in any court complaining of, any finding, decision, or other action of said Board of Public Works in said proceedings; together with any other irregularity or illegality in said proceedings.

The Board then upon motion fully adopted and confirmed Waiver Sewer Improvement Resolution Number 493-1939, as submitted.

The Board then upon motion awarded the contract for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies under Waiver Sewer Improvement Resolution Number 493-1939, which provides for the construction of a local sewer in the alley and easement between Pemberton Drive and Randallia Drive from Nevada Avenue to Forest Avenu to JOHN DEHNER, INC., Fort Wayne, Indiana, all in accordance with their agreement with C. J. Mettler, as Agent-in-fact, as follows:

1026	Lin. Ft. 12" V. C. Pipe
5500	Manhole brick
3	Standard Manhole covers and rings
18	Manhole steps
3	Cu. Yds. ready-mix concrete

19	bbls. cement
7	Cu. Yds. sand
200	pounds jute
3000	Board feet shoring
20	Sq. Yds. pavement replace
100	Sq. Yds. sidewalk replace

Motion was made, seconded and carried that the contract for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies, under Waiver Sewer Improvement Resolution Number 493-1939, be approved.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, the Board now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3282 - which provides for the improving of the sidewalk on the south side of Brackenridge Street from Fairfield Avenue to Broadway;
3283 - which provides for the improving of the sidewalk on the west side of Holton Avenue from Colerick Street to Eckart Street;
3284 - which provides for the furnishing of materials and whatever labor necessary above that furnished by Federal Agencies for the improving of sidewalk on both sides of Sherwood Terrace from Fairfield Avenue to a point four hundred two (402) feet east of Hoagland Avenue;
3285 - which provides for the improving of the alley between Bowser Avenue and Holton Avenue from the south property line of McKee Street to the north property line of Colerick Street;
3286 - which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the improving of Sherwood Terrace from the east property line of Fairfield Avenue to a point four hundred two (402) feet east of the east property line of Hoagland Avenue;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 11th day of May, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforelisted resolutions and also a date and time when the Board will consider finally confirming the same.

Thursday, the 30th day of March, 1939, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Street Improvement Resolution Number 3278-1939, which provides for the improving of Illinois Street and Manufacturers Avenue from the west property line of Perry Avenue to the Junk Ditch; motion was made, seconded and carried that the matter of the final confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT until Thursday, April 27, 1939, at 7:30 o'clock P. M.; after re-considering the same, motion was made, seconded and carried that the final confirmation be TAKEN UNDER FURTHER ADVISEMENT until Thursday, May 4, 1939, at 7:30 o'clock P. M.

Motion was made, seconded and carried that the following resolution be approved:

RESOLUTION

AUTHORIZING CONTRACT CHANGE

CITY OF FORT WAYNE, INDIANA

P.W.A. DOCKET INDIANA 1081-F

CHANGE ORDER NO. 5

BE IT RESOLVED by the Board of Public Works acting for and in the behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and the Hipskind Heating and Plumbing Company, the Contractor, for work to be done under Division "A", Contract No. 1 for the Northeast Interceptor Sewer and Appurtenances of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

(a) An additional inlet is to be constructed on the southeast corner of Kensington Boulevard and Forest Avenue at station 26 - 45 to replace the catch basin which was destroyed. This inlet is to be connected to the other inlet on this corner which in turn, is to be connected to the catch basin on the northeast corner. The connecting sewer, from the catch basin on the northeast corner to the manhole at station 26 - 45.47, is to be changed from a twelve (12) inch to a fifteen (15) inch pipe sewer. The original twelve (12) inch connecting sewer from the original existing catch basin on the southeast corner to the manhole at station 26 - 45.47 is not to be constructed.

(b) An additional catch basin is to be constructed on Woodward Avenue at station 54 - 50 to replace the existing catch basin at this point which was found to be in a bad state of deterioration.

(c) An additional catch basin is to be constructed on Kensington Boulevard at station 30 - 01 on the east curbing.

The above changes are to be made in accordance with the detailed drawings and descriptions herewith attached, and will result in an addition to the contract price of two hundred and fifteen dollars and sixty-one cents ($215.61) as shown on the accompanying summarization.

It is hereby mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the change above set out.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer and referred herein and made a part hereof, was properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an addition in the contract price of two hundred and fifteen dollars and sixty-one cents ($215.61) be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect only when a certified copy of the resolution is sent to the Contractor by the Engineer of the said City, and not until then.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the improving of Illinois Street and Manufacturers Avenue from Perry Avenue to the Junk Ditch, including in said specifications, Penetration Macadam, Cement-bound Macadam and plain six (6) inch Concrete, excluding curbs.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Illinois Street and Manufacturers Avenue from the west property line of Perry Avenue to the Junk Ditch, as more fully set out in Street Improvement Resolution Number 3287.

For the improving of the alley between Reed Street and Winter Street from the south property line of the first alley south of Pontiac Street to the north property line of Colerick Street, as more fully set out in Alley Improvement Resolution Number 3288.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3287 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Illinois Street and Manufacturers Avenue from the west property line of Perry Avenue to the Junk Ditch by draining, grading and paving the roadway to a uniform width of twenty-two (22) and twenty-four (24) feet with seven (7) inch reinforced Concrete, six (6) inch Cement Bound Macadam, Penetration Macadam, not less than four and one-half (4½) inches thick, or with six (6) inch plain concrete, all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said streets as above described and on property within 150 feet of the line of the streets to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3288 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Reed Street and Winter Street from the south property line of the first alley south of Pontiac Street to the north property line of Colerick Street by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet on the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, on Improvement Resolutions Numbered 3287 and 3288 are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvements, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3287 and 3288, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 6th and 13th days of May, 1939, and that Thursday, the 25th day of May, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when it will consider confirming the same.

This being a date and time previously fixed by the Board whenit would hear and consider objections or remonstrances against Declaratory Resolution Number 713-1939, RESOLUTION FOR THE APPROPRIATION OF PROPERTY, for the purpose of constructing "Sewage Disposal Works" by condemning and appropriating all lots and lands situated east of Glasgow Avenue; south of the Maumee River; west of the east line of Lot Number one hundred four (104) White's Fourth Addition to the City of Fort Wayne, Indiana, and said line extended northward to its intersection with the Maumee River; and north of Dwenger Avenue, excepting from the aforementioned area lots numbered one hundred fifty-three (153), one hundred fifty-four (154), one hundred fifty-five (155) and one hundred fifty-six (156) in White's Fourth Addition to the City of Fort Wayne, Indiana. Also all lots and lands situated south of Dwenger Avenue; west of the east line of Lot Number fifty-seven (57) White's Fourth Addition to the City of Fort Wayne, Indiana; north of the right-of-way of the New York, Chicago and Saint Louis Railroad, and east of Lyons Street, all of which is more specifically described in said Declaratory Resolution Number 713; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare an assessment roll of benefits and damages for the same.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3280-1939, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the improving of Wildwood Avenue from the east property line of Lafayette Street to the west curb line of Warsaw Street, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 37½% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3281-1939, which provides for the improving of the first alley west of Hanna Street from the south property line of Suttenfield Street to the north property line of Pontiac Street, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Improvement Resolutions Numbered 3280 and 3281, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette, on the 13th and 20th days of May, 1939, and that Tuesday, the 6th day of June, 1939, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed and/or materials to be furnished under the aforementioned resolutions.

The Board now received a communication dated May 1, 1939, from D. R. Kennicott, Regional Director, P.W.A. of P.W.A. concurrence in the award of the following contracts of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, P.W.A. Docket Indiana 1081-F:

Division "A" Contract No. 1
Change No. 7 Revision "B"

Gentlemen:

We the Board of Public Works, acting for and in the behalf of the City of Fort Wayne, Indiana, are hereby requesting you to immediately proceed with work on the following change:

An additional amount of twelve (12) inch connecting sewer will be necessary at the intersection of Forest Park Boulevard and State Boulevard due to a conflict between the existing connecting sewers and the new eighteen (18) inch pipe sewer on Forest Park Boulevard. A new catch basin is also to be constructed on the southwest corner of this intersection. This change is to be carried out according to instructions of our Engineer.

This work is to be carried out on the basis of the schedule of unit prices as set out in the contract and will amount to an addition of approximately Two Hundred Dollars ($200.00), which amount is to be taken from the contingency fund.

It is also mutually understood and agreed that in accepting this order, the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is issued with the understanding that an emergency exists and that any further delay would tend to hold up construction. The Contractor is now set up at the point of the change and is prepared to complete this work.

Therefore, this proceed order is given pending final approval of the change by the Federal Emergency Administration of Public Works.

Division "A" Contract No. 1
Change No. 7 Revision "C"

Gentlemen:

We, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, Indiana, are hereby requesting you to proceed with work on the following change.

A fifteen inch (15") connecting sewer is to be constructed from the catch basin on the north curb of State Boulevard as station 6 + 10 to the manhole on the thirty-six inch (36") sewer at this station. This change is to be carried out according to the instruction of our Engineer.

This work is to be carried out on the basis of the schedule of unit prices as set out in the contract and will amount to an addition of approximately Fifty Dollars ($50.00) which amount is to be taken from the contingency fund as set out in the project.

It is also mutually understood and agreed that in accepting this order the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is issued with the understanding that an emergency exists and that any further delay would tend to hold up construction. The Contractor is now set up at the point of the change and is prepared to complete this work.

Therefore, this proceed order is given pending final approval of the change by the Federal Emergency Administration of Public Works.

Division "A" Contract No. 1
Change No. 7 Revision "A"

Gentlemen:

We, the Board of Public Works, acting for and in the behalf of the City of Fort Wayne, Indiana, are hereby requesting you to immediately proceed with work on the following change:

The fifty-four (54) inch sewer line on Kensington Boulevard between State Boulevard and Lynn Avenue is to be moved to the east according to the line set out by our Engineer, so as to avoid an existing six (6) inch watermain which was found to be on the original line of the sewer. This will also necessitate the changing of the original manhole at station 36 + 89.71 to a point approximately forty feet to the south. The arrangement of the connecting sewers at the intersection of Lynn Avenue and Kensington Boulevard are to be changed so as to conform to the new location of the above manhole.

This work is to be carried out on the basis of the schedule of unit prices as set out in the contract.

It is also mutually understood and agreed that in accepting this order the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is issued with the understanding that an emergency exists and that any further delay would tend to hold up construction. The Contractor is now set up at the point of the change and is prepared to immediately start work.

Therefore, this proceed order is given final approval of the change by the Federal Emergency Administration of Public Works.

RESOLUTION

AUTHORIZING CONTRACT CHANGE
CITY OF FORT WAYNE, INDIANA
DIVISION "B" CONTRACT NO. 10
P.W.A. DOCKET INDIANA 1081-F
CHANGE ORDER NO. 1

BE IT RESOLVED by the Board of Public Works acting for and in the behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interesst of the said City that the contract between the said City and the Roots-Connersville Blower Corporation, the Contractor for furnishing the Electric Motor Driven Blowers under Division "B", Contract No. 10 of the Fort Wayne Sewers and Sewag Treatment Plant Project, be changed in the following respect:

The two (2) 300 hp. 435 rpm, induction motors as were originally to be provided for driving the blowers under the above captioned contract had efficiencies as follows:

Full Load	3/4 Load	1/2 Load
93.6%	93%	91%

The power factor for the induction motor at full load was 77%, at 3/4 load was 68%, and at 1/2 load was 50%.

It has been agreed with the Roots-Connersville Blower Corporation that they will substitute, for the above motors, two (2) 450 rpm., 0.8 p.f., 3 phase, 60 cycle, 40° Centigrade synchronous motors having the following efficiencies:

Full Load	3/4 Load	1/2 Load
93.6%	93.3%	92.2

and that they will furnish, in addition thereto, two (2) 7 1/2 kw motor generator exciter units and make all tests required under the original contract, except that the locked rotor current test will be eliminated.

It is hereby mutually understood and agreed that in accepting this change the Contractor waives any claim for any txtension of time by reason of the change above set out.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer and referred herein is made a part hereof, was properly submitted to the Contractor with request that such ConTractor submit a proposal covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change at no change in cost be, and the same is, hereby accepted in behalf of the City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect only when a certified copy of this resolution is sent to the Contractor by the Engineer of the said City.

This Resolution was adopted on the 25th day of May, 1939.

P.W.A. Docket No, Indiana 10810F
Division "A" Contract No. 1
Change Order No. 7

Gentlemen:

We, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, Indiana, are hereby requesting you to proceed with work on the following changes on the above captioned project.

(a) The arrangement of the connecting sewers at the intersection of Florida Drive and State Boulevard are to be revised as follows. The twelve (12) inch connecting sewer from the existing catch basin on the northeast corner to the manhole at station 14 + 99.56 is not to be constructed. In place of it, a twelve (12) inch connecting sewer is to be built from the new catch basin on the northwest corner to the manhole at station 14 + 99.56.

(b) A new twelve (12) inch connecting sewer is to be constructed from the catch basin on the northwest corner of Kensington Boulevard and Forest Avenue to the 20a manhole at station 26 + 45.47.

(c) Take up and relay to a new invert elevation, approximately twenty-three (23) lineal feet of twelve (12) inch sanitary sewer at station 13 + 00 on State Boulevard. This pipe is to be placed so as to come under the new thirty-six (36) inch storm sewer at this point.

The work under (a) and (b) is to be carried out on the basis of the schedule of unit prices as set out in the contract and will amount to an addition of approximately fifty dollars ($50.00). The work under (c) is to be carried out on the basis of an acceptable lump sum price. Total change in cost is to be taken from the contingency fund as set out in the project.

It is also mutually understood and agreed that in accepting this order, the Contractor waives any claim for any extension of time by reason of the above revisions.

This proceed order is issued with the understanding that an emergency exists and that any further delay would tend to hold up construction. The Contractor is now set up at the point of these changes and is prepared to complete this work.

Therefore, this proceed order is given pending final approval of the change by the Federal Emergency Administration of Public Works.

Re: Emergency Proceed Order
Sewers and Sewage Treatment Plant Project
Fort Wayne, Indiana
P.W.A. Docket Indiana 1081-F
Division "A" Contract No. 1
Change Order No. 7

Gentlemen:

We, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, Indiana, are hereby requesting you to proceed with work on the following change on the above captioned project.

(a) This change is being made to accommodate storm water which has started to collect at station 2 + 75 on the East side of Randallia Drive and which is becoming stagnant.

The inlet structure (Item No. 33) which was to be constructed at station 15 + 42 on Delaware Avenue is to be changed to station 2 + 75 on the East side of Randallia Drive also the pipe connection to it will be 15" instead of the original 24". This connection is to be at an invert elevation of 99.36.

A new manhole (Item 20a) is to be constructed at station 2 - 00 on Randallia Drive on the 18" storm sewer. A 15" connecting pipe is to be installed in this manhole at an invert elevation of 98.47 and placed on line as indicated by our Engineer.

The 15" connecting sewer between the inlet structure and the manhole is to be constructed by others.

(b) A new catch basin is to be constructed on the southeast corner of Lynn Avenue and Kensington Boulevard.

(c) Construct a concrete collar around the 54" pipe sewer at its connection to the junction chamber at Kensington Boulevard and State Boulevard according to the instructions of our Engineer.

This work is to be carried out on the basis of the schedule of unit prices as set out in the contract and will amount to an addition to the contract price of approximately two hundred dollars ($200.00) which amount is to be taken from the contingency fund as set out in the project.

It is also mutually understood and agreed that in accepting this order, the Contractor waives any claim for any extension of time by reason of the above change.

This proceed order is issued with the understanding that an emergency exists and that any further delay would tend to hold up construction. The Contractor is new set up at the point of the change and is prepared to complete the work.

Therefore, this proceed order is given pending final approval of the change by the Federal Emergency Administration of Public Works.

RESOLUTION

AUTHORIZING CONTRACT CHANGE

SEWERS AND SEWAGE TREATMENT PLANT PROJECT

P.W.A. DOCKET INDIANA 1081-F

DIVISION "A" CONTRACT NO. 4

CHANGE ORDER NO. 1

BE IT RESOLVED by the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the Owner, the following:

1. That it is deemed advisable and for the best interests of the said Owner that the contract between the said Owner and Gargaro Company, Inc., the Contractor for the work to be done under the Division "A", Contract No. 4 for the Wayne Street Section of the Main Interceptor of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

The line of the sewer on Wayne Street is to be changed from the center line of the street to approximately ten (10) feet to the north from station 7 + 70 at the intersection of Wayne Street and Thieme Drive to station 141 + 17 at the east end of Wayne Street. From this point on, the line is to be moved fifteen (15) feet to the southwest of the original line to station 147 + 20. The line is to be as original from station 147 + 20 to station 153 + 42. From station 153 + 42 to station 155 + 67, the line is to angle slightly to the south of the original.

The above change is to be made in accordance with the detailed drawings and descriptions herewith attached, and will result in an addition to the contract price of seven hundred and fifty-four dollars and forty cents ($754.40).

2. That it is hereby determined that all data necessary to obtain a comprehensive and intelligent bid, which data, prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to said Contractor with a request that such Contractor submit a proposal to said Owner covering such proposed change.

3. That the proposal of said Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an increase in the contract price of $754.40, be and the same is hereby accepted for and in behalf of the said Owner.

4. That such acceptance of said Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to said Contractor by the Engineer of the said Owner, and not until then.

The City Engineer submitted a primary assessment roll for Local Sewer Improvement Resolution Number 480-1938, which provides for the furnishing of materials and whatever labor necessary above that furnished by Federal Agencies for the construction of a sanitary sewer in the sewer easement north of State Boulevard from the east line of Lot Number 15 Neuhaus Acre Addition; also in Poinsette Drive from the easement north of State Boulevard to Irene Avenue; motion was made, seconded and carried that the same be and hereby is APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 12th and 19th days of July, 1939, and that Thursday, the 20th day of July, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the materials under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

This being a date and time perviously fixed by the Board when it would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3281 - which provides for the improving of the first alley west of Hanna Street from the south property line of Suttenfield Street to the north property line of Pontiac Street;
3282 - which provides for the improving of the sidewalk on the south side of Brackenridge Street from Fairfield Avenue to Broadway;
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearin no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 713-1939, which provides for the condemning and appropriating for the construction of Sewage Disposal Works all lots and lands situated East of Glasgo Avenue; South of the Maumee River; West of the East line of Lot Number One hundred four (104) White's Fourth Addition to the City of Fort Wayne, Indiana and said line extended northward to its intersection with the Maumee River; and North of Dwenger Avenue, excepting from the aforementioned area lots Numbered one hundred fifty-three (153), one hundred fifty-four (154), one hundred fifty-five (155) and one hundred fifty-six (156) in White's Fourth Addition to the City of Fort Wayne, Indiana. Also all lots and lands situate South of Dwenger Avenue; West of the East line of Lot Number fifty-seven (57) White's Fourth Addition to the City of Fort Wayne, Indiana; north of the righ-of-way of the New York, Chicago and Saint Louis Railroad; and East of Lyons Street, all of which is more particularly described in said Resolution for th appropriation of property, in accordance with and pursuant to Declaratory Resolution No. 713-1939, the Board now proceeded to hold its hearing with the following results:

The following communication from the Fort Wayne Real Estate Board was received and upon motion duly made and seconded was made a matter of recod and referred to Lloyd S. Hartzler, Sewer Project Attorney:

Board of Public Works
City of Fort Wayne
Fort Wayne, Indiana

June 13, 1939

Gentlemen:

In the appraisal made for you under date of May 19, 1939, of Lot 131 White's Fourth Addition, belonging to J. Hartung, credit was given for three small houses. We find that the house in the middle of this lot does not belong to the owner of the lot. Therefore, if this house is removed from the lot, the sum of $150.00 should be deducted from the total amount of the appraisal.

Yours very truly,

REMONSTRANCE

Comes now Eliza Knight and shows that she is the owner of Lot number 183 in White's Fourth Addition to the City of Fort Wayne;

that pursuant to Declaratory Resolution 713 adopted by the Board of Public Works of Fort Wayne on April 13, 1939, she has been awarded $900.00 as damage in her behalf for the appropriation of the aforesaid lot number 183.

She respectfully shows and alleges that the construction of the sewage disposal plant is of no benefit to her and that the value of said premises is far in excess of $900.00.

She further shows that there is a four room house located on said real estate and that said residence has a basement under the entire house; that said lot is 150 feet in length by 42 feet in width, and is a corner lot; that there are numerous fruit trees situated on said lot and one pine tree 20 feet in height; that said house has a solid stone foundation and is in a fair state of repair; that a reasonable cash market value for said property is $2,000.

Wherefore, petitioner remonstrates against the amount of the assessment of damages and asks that she be allowed the sum of Two Thousand ($2,000) Dollars as damages and for all other proper relief in the premises.

REMONSTRANCE TO DECLARATORY RESOLUTION NO. 713.

Comes now Peter J. Bopp, Joseph Bopp, Fred Bopp, Marie Bopp, Ronald Bopp, Marjorie Bopp, Clara Franklin and Lillian Maldeny, and by way of remonstrance herein allege that your remonstrators are the owners in fee simple of Lots numbered Twenty-two (22) and Twenty-three (23) Pfleiderers Amended Addition to the City of Fort Wayne, Allen County, Indiana.

That the City of Fort Wayne, Allen County, Indiana, is and during all of the times hereinafter referred to has been a city of second class under the laws of the State of Indiana; and during all of said time one of the executive departments of said City has been a Department of Public Works which has been and which still is under the control of the Board of Public Works of the City of Fort Wayne, Allen County, Indiana.

That heretofore, to-wit: on the 13th day of April, 1939, said Board of Public Works of the City of Fort Wayne adopted Declaratory Resolution No. 713 for the condemnation of certain real estate for the purpose of the construction of a sewage disposal plant.

That the real estate of these remonstrators, and described herein, and being Lots numbered Twenty-two (22) and Twenty-three (23) Pfleiderers Amended Addition has been condemned and awarded damages in the amount of One hundred Eighty ($180.00) dollars.

Your remonstrators represent to the Board that said real estate is worth more than One hundred Eighty dollars. That said award of damages is inadequate and too small.

WHEREFORE your remonstrators remonstrate against the award of damages for said lots herein described, and pray that said award of damages may be increased, and for all other proper relief in the premises.

RESOLUTION

AUTHORIZING CONTRACT CHANGE

SEWERS AND SEWAGE TREATMENT PLANT PROJECT

P.W.A. DOCKET NO. INDIANA 1081-F

DIVISION A CONTRACT NO. 1

CHANGE ORDER NO. 7

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the Owner, the following:

1. That it is deemed advisable and for the best interests of the said Owner that the contract between the said Owner and Hipskind Heating and Plumbing Company, the Contractor for the work to be done under the Division A, Contract No. 1 for the Northeast interceptor of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

   (a) The line of sewer on Kensington Boulevard between State Boulevard and Lynn Avenue is to be moved approximately three (3) feet to the east of the original line. The original manhole at Station 36 + 69.71 is to be changed to Station 36 + 42.01. The original manhole at Station 34 + 93.44 is to be constructed at reivised Station 34 + 84.27. Construct a new catch basin on the southeast corner of Kensington Boulevard and Lynn Avenue in place of the one originally planned at the southwest corner. The arrangement of the connecting sewer at this intersection us to be changed as follows. The existing connecting sewers between the inlets on the west side and the catch basins on the east side are to remain as shown. The catch basin on the northeast corner is to be connected to the catch basin on the southeast corner with a twelve (12) inch connecting sewer. The catch basin on the southeast corner is to be connected to the manhole at Station 36 + 42.01 with a fifteen (15) inch connection.

   (b) The following revision is to be made at the intersection of Forest Park Boulevard and State Boulevard. A new catch basin is to be constructed on the southwest corner. Two (2) twelve (12) inch connecting sewers are to be constructed from the inlets on the northwest corner to the catch basins on the northeast corner.

(c) A fifteen (15) inch connecting sewer is to be constructed from the catch basin on the north side of State Boulevard at Station 6 ÷ 10 to the manhole on the thirty-six (36) inch sewer line. The fifteen (15) inch connecting sewer as now shown from the catch basin on the south curb to the manhole on the thirty six (36) inch sewer line, is to be changed to a twelve (12) inch connecting sewer.

(d) A new catch basin is to be constructed at Station 13 ÷ 30 on State Boulevard, between Florida Drive and Forest Park Boulevard and is to be connected to the manhole at Station 13 ÷ 30 with the twelve (12) inch connecting sewer as originally shown.

(e) The twelve (12) inch connecting sewer from the existing catch basin on the northeast corner of Florida Drive and State Boulevard to the manhole at Station 14 ÷ 99.56 is not to be constructed. In place of it, a twelve (12) inch connecting sewer is to be constructed from the new catch basin on the northwest corner to the manhole at Station 14 ÷ 99.56.

(f) Construct twenty-seven (27) lineal feet of twelve (12) inch connecting sewer from the catch basin on the northwest corner of Kensington Boulevard and Forest Avenue to the 20a manhole at Station 26 ÷ 45.07.

(g) Take up and relay to a new invert elevation, twenty-three (23) lineal feet of twelve (12) inch sanitary sewer at Station 13 ÷ 00 on State Boulevard. This pipe is to be placed so as to come under the new thirty-six (36) inch storm sewer at this point.

(h) A reinforced concrete collar is to be constructed around the fifty-four (54) inch storm sewer at its connection to the junction chamber at the intersection of Kensington Boulevard and State Street.

The above revisions are to be made in accordance with the detailed drawings and descriptions herewith attached, and will result in an addition to the contract price of Seven Hundred and Twenty-One Dollars and Seventy-Eight Cents ($721.78) as shown on the accompanying summarization.

It is hereby mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the change as set out above.

2. That it is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data, prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to said Contractor with a request that such Contractor submit a proposal to said Owner covering such proposed change.

3. That the proposal of said Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an increase - in the contract price of Seven Hundred Twenty One Dollars and Seventy-Eight Cents ($721.78), be and the same is hereby accepted for and in behalf of the said Owner.

4. That such acceptance of said Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to said Contractor by the Engineer of the said Owner, and not until then.

This Resolution was accepted on the 12th day of July, 1939.

RESOLUTION

AUTHORIZING CONTRACT CHANGE

SEWERS AND SEWAGE TREATMENT PLANT PROJECT

P.W.A. DOCKET INDIANA 1081-F

DIVISION "A" CONTRACT NO. 1

CHANGE ORDER NO. 8

BE IT RESOLVED by the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the Owner, the following:

1. That it is deemed advisable and for the best interests of the said Owner that the contract between the said Owner and the Hipskind Heating and Plumbing Company, the Contractor for the work to be done under Division "A", Contract No. 1 for the Northeast Interceptor of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

Items No. 31 and 32 are to be deleted from the contract.

Item No. 31 - For furnishing all labor and materials and installing complete, in place, the outfall headwall structure, including one (1) 72 inch tide gate and two (2) 15 inch tide gates at the lump sum price of two thousand six dollars ($2006.00).

Item No. 32 - For furnishing all labor and materials and installing complete, in place, the levee outfall structuring, including one (1) 54 inch tide gate at the lump sum price of nine hundred and ten dollars ($910.00).

This change results in a deduction of two thousand nine hundred and sixteen dollars ($2,916.00) from the contract price.

2. That it is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data, prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to said Contractor with a request that such Contractor submit a proposal to said Owner covering such proposed change.

3. That the proposal of said Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore a deduction in the contract price of $2,916.00, be and the same is hereby accepted for and in behalf of the said Owner.

4. That such acceptance of said Contractor's proposal shall be in full force and effect when a certified copy of this resolution is

sent to said Contractor by the Engineer of the said Owner, and not until then.

BE IT RESOLVED by the Board of Public Works for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the Owner, the following:

1. That it is deemed advisable and for the best interest of the said Owner that the contract between the said Owner and A. Arcari, the Contractor for the work to be done under Division "A", Contract No. 3 for the St. Marys Section of the Main Interceptor of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

Sixteen (16) additional house connections (Item No. 54) are to be constructed on the forty-eight (48) inch sewer line at the following stations:

1 - station 48 + 72
2 - station 52 + 00
3 - station 56 + 46
4 - station 57 + 80
5 - station 59 + 14
6 - station 60 + 55
7 - station 61 + 82
8 - station 63 + 16
9 - station 65 + 50
10 - station 66 + 40
11 - station 67 + 16
12 - station 80 + 80
13 - station 82 + 80
14 - station 84 + 80
15 - station 86 + 80
16 - station 88 + 80

This change will result in an addition of two hundred and forty dollars ($240.00).

It is mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the above change.

2. That it is hereby determined that all the data necessary to obtain comprehensive and intelligent bid, which data, prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to said Contractor with a request that such Contractor submit a proposal to said Owner covering such proposed change.

3. That the proposal of said Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an increase in the contract price of $240.00, be and the same is hereby accepted for and in behalf of the said Owner.

4. That such acceptance of said Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to said Contractor by the Engineer of the said Owner, and not until then.

RESOLUTION

AUTHORIZING CONTRACT CHANGE

SEWERS AND SEWAGE TREATMENT PLANT PROJECT

P.W.A. DOCKET INDIANA 1081-F

DIVISION "A" CONTRACT NO. 3

CHANGE ORDER NO. 2

BE IT RESOLVED by the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the Owner, the following:

1. That it is deemed advisable and for the best interests of the said Owner that the contract between the said Owner and A. Arcari, the Contractor for the work to be done under Division "A", Contract No. 3 for the St. Mary's Section of the Main Interceptor of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

(a) Construct sixty (60) lineal feet of forty-eight (48) inch tunnel sewer at Hale Avenue from station 53 + 30 to station 53 + 90 in place of the originally planned forty-eight (48) inch standard reinforced concrete culvert pipe sewer. Also shift the line to the East, as shown on the accompanying detailed sketch.

(b) Construct two (2) additional house connections (Item No.54) at houses numbered 2031 and 2033 on Electric Avenue.

These two (2) revisions will result in an addition of six hundred and fifty-nine dollars and eighty-five ($659.85) to the contract price.

It is mutually understood and agreed that in accepting this change the Contractor waives any claim for any extension of time by reason of the above change.

2. That it is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data, prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to said Contractor with a request that such Contractor submit a proposal to said Owner covering such proposed change.

3. That the proposal of said Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an increase in the contract price of $659.85, be and the same is hereby accepted for and in behalf of the said Owner.

4. That such acceptance of said Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to said Contractor by the Engineer of the said Owner, and not until then.

A petition, providing for the paving of the alley between Cortland Avenue and Short Street, second alley north of Greenlawn Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, the Board now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3296 - which provides for the improving of the sidewalk on the south side of Berry Street from Calhoun Street to Clinton Street;
3298 - which provides for the improving of the first alley east of Hoagland Avenue from the south property line of Kinnaird Avenue to the north property line of Packard Avenue; also to improve the alley between Kinnaird Avenue and Packard Avenue from the alley east of Hoagland Avenue to the alley west of Webster Street;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3297-1939, which provides for the improving of the alley between Sherman Boulevard and Oakland Street from the north property line of Fourth Street to the south property line of Spring Street, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 50% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 3rd day of August, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions Numbered 3296, 3297, and 3298, (the time for receiving additional remonstrances which will expire Tuesday, August 1, 1939, at 5:00 o'clock P. M.) also a date and time when the Board will consider finally confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3299-1939, which provides for the improving of the alley between Winter Street and Lillie Street from the south property line of Milan Street to the north property line of Lahmeyer Street, there having been filed a remonstrance signed by 56.2% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3299-1939, be RESCINDED.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the furnishing of materials under Local Sewer Improvement Resolution Number 480-1938, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a sanitary sewer in the easement north of State Boulevard from the east line of Lot Number 15 Neuhaus Acre Addition; also in Poinsette Drive from the easement north of State Boulevard to Irene Avenue, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll, covering the furnishing of materials under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the materials furnished under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board now proceeded to make the following preliminary order in the matter of Street Improvement Resolution 3293, which provides for the improving of Hanna Street from the south property line of Rudisill Boulevard to the north property line of McKinnie Avenue, on which bids were received, Tuesday, July 18th, 1939, at 10:00 o'clock A. M.,

3293 - Paving of HANNA STREET, Stone Filled Sheet Asphalt, Cement Curb.

In accordance with the Street Paving Law, the Board now upon motion fixed Tuesday, August 1st, 1939, at 5:00 o'clock P. M., as a date and time up to which it will receive petitions for material other than that designated by the Board; also that Thursday, the 3rd day of August, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider awarding the contract for the aforementioned street resolution.

Motion was made, seconded and carried that the contracts for the work to be performed under certain Improvement Resolutions on which bids were received Tuesday, July 18, 1939, at 10:00 o'clock A. M., be awarded as follows:

3294 - which provides for the improving of the alley between Jefferson Street and Lewis Street from the west property line of Calhoun Street to the east property line of Harrison Street, be awarded to WADE AMSPAUGH, at and for his price bid, namely, $3.60 per lineal foot, he being the lowes and best bidder;

3295 - which provides for the improving of the alley between Calhoun Street and Harrison Street from the south property line of Jefferson Street to the north property line of the alley south of Jefferson Street, be awarded to WADE AMSPAUGH, at and for his price bid, namely, $2.01 per lineal foo, he being the lowest and best bidder.

In the matter of the sub-contract under Division "A" Contract No. 3, of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, P.W.A. Docket Indiana 1081-F, which provides for the construction of the St. Mary's section of the Main Interceptor and Appurtenances, which was awarded to A. ARCARI, Wednesday, February 15, 1939, at 10:00 o'clock A. M., motion was made, seconded and carried that permission be hereby granted the aforementioned Contractor to sub-let to the WILLIAM MAY SAND AND GRAVEL COMPANY, the Indian Village Siphon, the Wildwood Siphon, the Siphon north of Hale Avenue, and the river crossing for the Swinney Park Siphon, with the option of the Foster Park Siphon; the sub-contract price covering all labor and equipment and materials, with the exception of the cast iron pipe and fittings, for the first four items in $15,430.00, and with the addition of the optional item the price is $19,430.00.

Motion was made, seconded and carried that the following Resolutions be approved and adopted:

Motion was then made, seconded and carried that the following resolutions be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3300 - 1939.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between California Avenue and Alabama Avenue from the north property line of Delaware Avenue to the south property line of Forest Avenue by draining, grading and paving the roadway to a uniform width of fifteen (15) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3301 - 1939.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the first alley south of Florence Avenue from the west property line of Cortland Avenue to the east property line of Short Street by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Munucipal Corporations," approved March 6, 1905, and the provisions of all Acta amendatory thereto and supplemental thereof.

Assessments if deferred, on Resolutions Numbered 3300 and 3301, are to be paid in ten equal installments, with interest at the rate of five (5) per cent per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3300 and 3301, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of July and the 5th day of August, 1939, and that Thursday, the 17th day of August, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when the Board will consider confirming the same.

Motion was made, seconded and carried that the performance bond of the AMERICAN STEEL DREDGE COMPANY, INC., signed by the Ohio Casualty Insurance Company of Hamilton, Ohio, covering the work to be performed under Contract No. 6, which provides for One (1) forced draft fan and one (1) induced draft fan, each with variable speed hydraulic coupling and motor drive, delivered and erected, in connection with the improvements at the City Light and Power Works of the City of Fort Wayne, which has been approved by the City Attorney, be approved.

Motion was made, seconded and carried that Estimate No. 1, of THE BABCOCK & WILCOX COMPANY, Contractor for Contract No. 3, which provides for One (1) water tube steam boiler with super-heater, air heater, economizer, water cooled walls, masonry setting, soot blowers, trimmings, supporting steel and upper front, all delivered and erected on Purchaser's foundation, in connection with the improvements at the City Light and Power Works of the City of Fort Wayne, in the amount of $52,188.00, be approved and the same ordered paid, less 15 per cent, which amount is $44,359.80.

The Board then upon motion adjourned.

That part of the Northwest quarter of Section 8 and a part of the Southwest half Section 5, Township 30 North, Range 13 East described as follows: Beginning at the intersection of the North Right-of-Way line of the New York, Chicago and St. Louis Railway with the North and South half section line of said Section 8; Thence Northwesterly on the North Right-of-Way line of said Railway, five hundred and sixty-two (562) feet; thence North parallel with the North and South half Section line of said Sections 8 and 5, Township 30 North, Range 13 East to the South bank of the Maumee River; thence Easterly following the meanderings of said South bank of said River to the North and South half section line of said Section 5; thence South on the half section line of said Section 5 and 8 to the place of beginning containing sixteen (16) acres, more or less, excepting therefrom a strip of ground twenty (20) feet wide along the entire length of the East side of said tract of ground for highway purposes, and also excepting therefrom the following described property:

Beginning at the intersection of the North and South centerline of Section 8, Township 30 North, Range 13 East, and the North Right-of-Way line of the New York, Chicago and St. Louis Railway; thence North sixty-six (66) degrees fourteen (14) minutes West a distance of two hundred and thirty-eight and eight tenths (238.8) feet to an iron pin: Thence North two (2) degrees thirty (30) minutes East parallel to the North and South centerline of Section 8 above Township and Range, a distance of one hundred thirty-five and four tenths (135.4) feet to an iron pin: Thence South eighty-seven (87) degrees thirty (30) minutes East a distance of two hundred and twenty-two and three tenths (222.3) feet to the North and South centerline of Section 8 above Township and Range: Thence South two (2) degrees thirty (30) minutes West along North and South centerline of Section 8, Township 30 North, Range 13 East a distance of two hundred and twenty-one and seven-tenths (221.7) feet to the place of beginning.

BE IT FURTHER RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed desirable and necessary to acquire temporary and permanent easements over, through, and under certain real estate for the purpose of construction of SEWAGE DISPOSAL WORKS and for the purpose of connecting the sewage disposal plant with the sewage treatment plant sludge beds as specifically defined in the Acts of the special session of the General Assembly of the State of Indiana of 1932, by condemning temporary and permanent easements over, through, and under a strip of ground forty (40) feet in width beginning at the south end of Dwenger Avenue and extending in a general easterly direction and south of the Maumee River to the ground being by this resolution appropriated for sewage treatment plant sludge beds, said easements or Right-of-Way being more specifically described as follows, to-wit: A temporary sewer construction easement forty (40) feet in width, said temporary easement to exist until the Fort Wayne sewage disposal project has been completed, and a permanent Right-of-way for road and sewer purposes twenty (20) feet in width with an identical centerline described as follows, to-wit:

> Beginning at a point on the West property line of J. L. and H. Stadler Rendering & Fertilizer Company which point is one hundred and six and seventy-three hundredths (106.73) feet south of the Northwest corner of the aforesaid property, thence south eighty (80) degrees thirty-one (31) minutes east four hundred sixty-nine and eighty-two hundredths (469.82) feet to the east property line of the aforesaid property; also

a temporary sewer construction easement forty (40) feet in width, said temporary easement to exist until the Fort Wayne sewage disposal project has been completed, and a permanent Right-of-Way for road and sewer purposes twenty (20) feet in width with an identical centerline described as follows: to-wit:

> Beginning at a point on the East property line of Edsall Avenue ten (10) feet south of the intersection of the North property line of Dwenger Avenue and East property line of Edsall Avenue, thence north eighty-eight (88) degrees twenty-two (22) minutes east two hundred fifty-seven and thirty-seven hundredths (257.37) feet, thence south eighty (80) degrees thirty-one (31) minutes east twenty-two and twenty-one hundredths (22.21) feet to the Easterly line of Laurents and Hartshorn property; also

a temporary sewer construction easement forty (40) feet in width, said temporary easement to exist until the Fort Wayne sewage disposal project has been completed, and a permanent Right-of-Way for road and sewer twenty (20) feet in width with an identical centerline described as follows, to-wit:

> Beginning at a point on the West property line of the Terminal Service Company which point is twenty-eight and fifty-five hundredths (28.55) feet south of the northwest corner of the aforesaid property, thence south eighty (80) degrees thirty-one (31) minutes east one hundred thirty and seventeen hundredths (130.17) feet, thence south seventy-seven (77) degrees two (2) minutes east. Two hundred eight and thirty-seven hundredths (208.37) feet, thence south seventy-three (73) degrees fifteen (15) minutes east ninety-three and thirty hundredths (93.30) feet to the west line of the property owned by Clara May.

All of the aforementioned described real estate lying West of Greenwalt Avenue being situated within the corporate limits of the City of Fort Wayne, Allen County, Indiana, and all of the aforementioned described real estate lying East of Greenwalt Avenue being located in Allen County, State of Indiana.

All as shown by plan of such proposed condemnation of the fee simple of said real estate and the permanent and temporary easements over said real estate now on file in the office of the Board of Public Works.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations," approved March 6th, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, and an "Act to authorize cities and towns to construct, own, equip, operate, maintain and improve works for the treatment and for the disposal of sewage; to authorize charges against owners of premises for the use of such works and to provide for the collection of same; to authorize cities and towns to issue revenue bonds payable solely from the revenues of such works and to make such bonds exempt from taxation and to make them lawful investments of sinking funds; to authorize contracts for the use of such works by other cities, towns and political sub-divisions and charges against owners of premises therein served thereby; and declaring an emergency," approved August 17th, 1932, and the provisions of all acts amendatory thereto and supplemental thereof.

That the Board of Works of the City of Fort Wayne, Indiana, desires and deems it necessary for the City of Fort Wayne, Indiana, that the use and fee simple title of the real estate first hereinbefore described and the temporary and permanent easements over the real estate secondly in this petition described by condemning and appropriating for SEWAGE DISPOSAL WORKS.

That the City of Fort Wayne, Indiana, will be benefited by acquiring the use and fee simple title on the part of the city of said real eatate and ground herein described, the fee simple title of which it is hereby proposed to condemn and appropriate and by acquiring temporary and permanent easements for sewer and road purposes, which easements it is hereby proposed to condemn and appropriate. That no other property is injuriously affected excepting the property the fee simple of which is to be condemned and appropriated and the easements, temporary and permanent herein described and the property over which the easements herein described shall run and that the City of Fort Wayne, Indiana, is or will be benefited to the full extent of any damages incurred by the appropriation and condemnation.

That payment for damages shall be made pursuant to the provisions and conditions of Chapter 61 of the 1932 Acts of the special session of the General Assembly of the State of Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 714, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of July and the 5th day of August, 1939, and that Thursday, the 17th day of August, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

The Board then upon motion adjourned.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Lasselle Street and Buchanan Street from the east property line of Lafayette Street to the west property line of Warsaw Street; also the alley between Lafayette Street and Warsaw Street from the south property line of Lasselle Street to the north property line of Buchanan Street, by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavememt all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement, shall be assessed upon the real estate abutting on said alleys as above described and on property within 150 feet of the line of the alley to be improved. All according to the metho and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the propert owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessme ts for such improvement, or such moneys as said city is by said above entitled a t required to pay. All proceedings had and work done in the making of said imp ve ment, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendme ts thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Own rs of the adoption of the foregoing Improvement Resolution Number 3302-1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 9th and 16th days of August, 1939, and that Thursday, the 31st day of August, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing reso tion, also a date and time when it will consider confirming the same.

Motion was made, seconded and carried that the following resoluti n be approved and adopted:

RESOLUTION

AUTHORIZING CONTRACT CHANGE

CITY OF FORT WAYNE, IND.

P.W.A. DOCKET INDIANA 1081-F

DIVISION "A" CONTRACT NO. 1

CHANGE ORDER NO. 9

BE IT RESOLVED by the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and the

Hipskind Heating & Plumbing Company, the Contractor for work to be done under the contract for Northeast Interceptor, Division "A", Contract No. 1 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects.

(a) The inlet structure (Item No. 33) as shown at station 15 + 42 on Delaware Avenue is to be constructed at station 2 + 75 on the east side of Randallia Drive. A new manhole (Item 20a) is to be constructed at station 2 + 00 on the new eighteen (18) inch storm sewer. The fifteen (15) inch connecting sewer between these two (2) structures is to be constructed by others.

(b) A new six (6) inch sanitary sewer connection is to be constructed at station 13 + 30 on State Boulevard between Florida Drive and Forest Park Boulevard and is to be connected to the twelve (12) inch sanitary sewer at this point.

(c) A special twelve (12) inch reinforced concrete sewer connection is to be made into the base section of the 20b manhole at station 9 + 23 at the intersection of State Boulevard and Forest Park Boulevard.

(d) A new standard catch basin is to be constructed on the southeast corner of Leroy Avenue and Curdes Avenue.

(e) Do not construct the twelve (12) inch connecting sewer from the inlet on the west curb of Florida Drive at Crescent Avenue and the existing catch basin on the east curb of Crescent Avenue. Instead, a twelve (12) inch connecting sewer is to be constructed from the above inlet to the new catch basin on the east curb of Florida Drive.

(f) The following revisions are to be made at station 1 + 92 on State Boulevard east of Kensington Boulevard.

A standard catch basin with a number 3 cover is to be constructed on the south curb. The catch basin at the center of the north car tracks is to be connected to the catch basin at the center of the south car tracks with a twelve (12) inch connecting sewer. The catch basin at the center of the south car tracks is to be connected to the new catch basin on the south curb with a twelve (12) inch connecting sewer. The new catch basin on the south curb is to be connected to the manhole at station 1 + 82 with a fifteen (15) inch connecting sewer.

(g) One hundred (100) lineal feet of twelve (12) inch sanitary sewer is to be constructed from station 33 + 65 to station 34 + 65 on Kensington Boulevard between State Boulevard and Lynn Avenue, along the same line as the fifty-four (54) inch storm sewer.

(h) A special catch basin is to be constructed at the north end of the concrete box culvert at station 14 + 68 and is to be connected to the 20a manhole on the south side of State Boulevard with an eighteen (18) inch connecting sewer.

The following changes are to be made at the intersection of Leroy Avenue and State Boulevard. A standard 20a manhole is to be constructed over the new eighteen (18) inch sewer on Leroy Avenue. A standard catch basin is to be constructed on the northeast corner and one (1) on the northwest corner. The inlet on the northwest corner is to be connected to the catch basin on the northwest corner and this catch basin is to be connected to the new 20a manhole. Also, the catch basin on the northeast corner is to be connected to the new 20A manhole. All of these connections are to be made with twelve (12) inch connecting sewer.

The following revisions are to be made at the intersection of Carew Street and State Boulevard: A standard inlet is to be constructed on the northwest corner and one (1) on the northeast corner. The inlet on the northeast corner is to be connected to the inlet on the northwest corner. The inlet on the northwest corner is to be connected to the catch basin on the northwest corner, and this in turn is to be connected to the 20b manhole at station 16 + 44. All of these connections are to be made with twelve (12) inch connecting sewer.

(i) A new standard catch basin with a number three cover is to be constructed at the north curb of State Boulevard at station 5 + 83 between Anthony Boulevard and Forest Park Boulevard.

(j) A new standard catch basin with a number three cover is to be constructed at the north curb of Curdes Avenue at Woodward Avenue.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefore an addition in the contract price of $1,486.20, be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

This resolution passed on the 8th day of August, 1939.

Motion was made, seconded and carried that the following resolution be approved and adopted:

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRAACT ON THE NORTHEAST INTERCEPTOR DIVISION "A" CONTRACT NO. 1 P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and the Hipskind Heating and Plumbing Company, hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana:

WHEREAS, it is provided in the said contract that in the event the said work is not completed within 330 consecutive calendar days or by the 11th of August, 1939, the said Contractor shall pay to the Owner, as liquidat d damages, an amount computed on the basis of $25.00 for each day the said wor remains incompleted after the aforesaid date, and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the contractual date for completion, vis;

(a) Owner has caused the Contractor to do attitional work as per Change Order No. 9 on this contract and as such additional work was authorized at about the expiration of the completion time set out in the contract, the Contractor would not be able to complete this work within such completion date.

(b) Contractor was delayed seventeen (17) days after the starting date pending the delivery of reinforced concrete pipe.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and accordingly, liquidated damages should not be assessed,

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana, (1) that the contractual date for completion of the said contract be extended to the 10th day of September, 1939, (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

This resolution was passed on the 8th day of August, 1939.

Motion was then made, seconded and carried that the following resolutions be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3303 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Sherman Boulevard and Oakland Street from the north property line of Fourth Street to the south property line of Spring Street by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3304 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the first alley south of Hamilton Avenue from the east property line of Weisser Park Avenue to the west property line of John Street by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, on Improvement Resolutions Numbered 3303 and 3304, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions, Numbered 3303 and 3304, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 2nd and 9th days of September, 1939, and that Thursday, the 21st day of September, 1939, at 7:30 o'clock P. SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3307 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of McKee Street from John Street to the first alley east of John Street, by paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The cost of said improvement, including the cost of street and alley intersections, shall be assessed upon the real estate abutting on said street as above described and upon the City of Fort Wayne, Indiana, if the said city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred, are to be paid in ten equal installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessments for such improvement, or such moneys as said City is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Numbered 3307-1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 20th and 27th days of September, 1939, and that Thursday, the 12th day of October, 1939, at 7:30 o'clock P. RESOLUTION

AUTHORIZING CONTRACT CHANGE NO. 1

CITY OF FORT WAYNE, INDIANA

DIVISION "A" CONTRACT NO. 2

P.W.A. DOCKET INDIANA 1081-F

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and Bass Engineering and Construction Company, the Contractor for work to be done under the contract for the Rudisill Interceptor, Division "A" Contract No. 2 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

   (a) All project signs are to be corrected in accordance with request by the Public Works Administration, and according to instructions of our Engineer.

   (b) One (1) six (6) inch cast iron shear gate with a three and one-half (3.5) foot lifting handle is to be furnished and installed in the regulator at Broadway and Rudisill Boulevard (Item No. 9). The spigot shall extend through the twelve (12) inch concrete wall between the float chamber and the gate chamber.

(c) A slab of Class "B" concrete is to be placed between the apron of the headwall and rivers edge at Broadway and Rudisill Boulevard (Item No. 8) in lieu of the originally planned rip rap. Concrete shall be placed two (2) feet thick in the same manner as originally planned for the rip rap.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefor an addition in the contract price of $40.37 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

This resolution was passed on the 19th day of September, 1939.

BOARD OF PUBLIC WORKS

ATTEST: Chas F. Hess.

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 101, City Hall,
Fort Wayne, Indiana,
Wednesday, October 11, 1939,
SPECIAL MEETING held at 2:30 o'clock P. M.

PRESENT

Robert G. Beams, Chairman Board of Public Works,
David Lewis, Member Board of Public Works,
John H. Johnson, Member Board of Public Works,
Charles F. Hess, Secretary, Board of Public Works,
Walter E. Helmke, City Attorney,
W. Marshall Dale, President and General Manager, I.S.C.
Von Livingston, Chicago, Legal Representative, I.S.C.

The meeting was called to order by Robert G. Beams, Chairman.

The Indiana Service Corporation, by and through W. Marshall Dale, its President and General Manager, submitted an agreement covering the right to locate, conduct, operate and maintain trackless trolley cars and motor buses over and along certain streets and other public places in said City.

The Board now approved the form of agreement with the Indiana Service Corporation as submitted.

Motion was made, seconded and carried that the following Declaratory Resolution covering the aforementioned agreement with the Indiana Service Corporation be adopted:

DECLARATORY RESOLUTION NUMBER 715 - 1939

RESOLUTION OF THE BOARD OF PUBLIC WORKS OF THE CITY OF FORT WAYNE, INDIANA, FIXING THE FORM OF CONTRACT WITH INDIANA SERVICE CORPORATION GIVING SAID CORPORATION THE RIGHT TO LOCATE, CONDUCT, OPERATE AND MAINTAIN TRACKLESS TROLLEY CARS AND MOTOR BUSES OVER AND ALONG CERTAIN STREETS AND OTHER PLACES IN THE CITY OF FORT WAYNE, INDIANA.

WHEREAS, the Indiana Service Corporation, and the Board of Public Works of the City of Fort Wayne, Allen County, Indiana, desire to enter into a contract giving to said Corporation, its successors and assigns, the right to locate, conduct, operate and maintain trackless trolley cars and motor buses over and along certain streets and other public places in said City. and said Board of Public Works has determined the exact form in which said contract is to be finally adopted, which form is in words and figures as follows, to-wit:

THIS AGREEMENT, made and entered into this , 1939, by and between the City of Fort Wayne, in the County of Allen, Indiana, hereinafter called the "City", acting by and through its Board of Public Works, party of the first part, and Indiana Service Corporation, an Indiana corporation, hereinafter called the "Corporation", party of the second part, WITNESSETH:

WHEREAS, the Corporation has made a study of its present street railway system in the City of Fort Wayne and the use made by the traveling public of the various routes in such system, and after considering the density of passenger traffic, service to the greatest number under prevailing conditions and the present condition of its street railway system, proposes and believes it feasible, upon obtaining requisite approval of the Public Service Commission for the State of Indiana, the Securities and Exchange Commission, Washington, D. C. and the City, to institute trackless trolley car service on the streets and public places as hereinafter named in Section 1 hereof, and motor bus service on the streets and public places as hereinafter named in Section 2 hereof; and

WHEREAS, as a part of such program the Corporation is desirous of and has requested the City to grant to the Corporation the rights, authority, privileges and permits hereinafter set forth upon the terms and conditions hereinafter contained;

NOW, THEREFORE:

Section 1. The City, pursuant to the request of the Corporation, hereby gives and grants unto the Corporation, its successors and assigns, for the purpose of common carrier transportation of passengers for hire, the right, authority, privilege and permit to locate, conduct, operate and maintain street cars of the trackless trolley type (hereinafter referred to as "trackless trolley cars"), equipped with rubber tires and operated without tracks or rails by means of electric power from overhead trolley wires, in, over, upon and along the streets and public places in the City of Fort Wayne, Indiana, as follows, to-wit

and on each and all the streets, alleys and public places intersecting and crossing the above named streets and public places on which the trackless trolley cars of the Corporation are to be operated, with all necessary turnouts, loops and turnarounds, and in, over, upon and along such other streets and publ places in the City of Fort Wayne and portions thereof, as the said Board of Pub Works may from time to time in writing permit, subject to the approval of the Common Council of the City.

The City further gives and grants unto the Corporation, its successors and assigns, the right, authority, privilege and permit to locate, construct, erect, operate, maintain, repair and renew poles, supports, span wires, transmission and feeder wires, trolley wires, conduits, conductors, cables, transformers, guy wires, guy stubs and anchors, braces and other apparatus, fixtures, appliances and equipment necessary or useful for the operation and conduct of the trackless trolley cars in, over, upon and along the streets and public places in this Section 1 named; provided, however, that the Corporation shall give to the said Board of Public Works advance written notice of all new construction work (excluding maintenance and repairs) undertaken by or on behalf of the Corporation under and pursuant to the authority in this paragraph granted to the Corporation.

The rights, authority, privileges, franchises and permits granted by this Section 1 are supplemental to, and shall in no way abrogate, lessen or diminish, each and all of the rights which the Corporation now has, or may at any time or times have in the future, under or in any way connected with each and all of the indeterminate permits under or by virtue of the Public Service Commission Act for the State of Indiana, now owned or held or hereafter acquired by the Corporation.

Section 2. The Corporation, for the use of the City's streets in the operation of the Corporation's trackless trolley cars, agrees to pay, semi-annually on or before thirty (30) days after the first days of January and July in each year this agreement remains in effect with respect to trackless trolley cars, an amount equal to, and based on the rate of, Two hundred thirty-two dollars ($232) per annum for each mile of street on which the Corporation shall operate trackless trolley cars without any regular and consistent common carrier operation of local street or interurban railway cars on rails, which sum shall be determined and be paid upon the following terms and conditions:

On or before thirty (30) days after the first days of January and July, respectively, in each year this agreement remains in effect with respect to trackless trolley cars, the Corporation shall make and file with the Board of Public Works of the City and the Controller of the City, respectively, a verified report showing (1) the number of miles of street on which the Corporation shall have operated, in and for each and every day of the six (6) calendar months immediately preceding January and July respectively in each year, its trackless trolley cars (excluding, however, all streets where local street or interurban railway cars on rails are being regularly and consistently operated in addition to trackless trolley cars); (2) the aggregate number of miles of street on which the Corporation shall have operated its trackless trolley cars during such six (6) months' period, to be determined by adding together the number of miles of street shown by said report for each and every day of such period; (3) the average number of miles of street on which the Corporation shall have operated its trackless trolley cars during such six (6) months' period, to be determined by dividing said aggregate number of miles for such period by the total number of days in such period, irrespective of whether the trackless trolley cars are operated in each and every day of such period; and (4) the amount due for such six (6) months' period, to be determined by multiplying the said average number of miles for such period by One hundred sixteen dollars ($116).

The Corporation, concurrently with the making and filing of said report, shall pay to the Controller of the City the amount shown by said report to be due to the City for such six (6) months' period.

In case the Corporation shall default in making the aforesaid payment and such default shall continue for sixty (60) days, the City shall have the right, at its election, to terminate this agreement with respect to trackless trolley cars, by resolution duly adopted by the Common Council of the City and approved by its Mayor, and by serving a copy thereof upon the President of the Corporation.

Ten (10) years from the date hereof, and each and every ten (10) years thereafter, either party hereto may, upon and by giving at least ninety (90) days advance written notice prior to the termination of such ten (10) year period, request a revision of the franchise fee for trackless trolley cars, and thereupon the parties hereto shall meet and agree upon a new franchise fee, if possible, which new fee shall be come and remain in full force and effect and shall be paid by the Corporation until any other or further franchise fee revision in accordance with the provisions of this paragraph. In the event the parties are unable to agree upon a franchise fee revision within the last ninety (90) days of such ten (10) year period, then such franchise fee revision shall be submitted to a board of arbitration, which shall be composed of three (3) members to be selected within thirty (30) days after the said ninety (90) days, one of whom shall be selected by the City, one of whom shall be selected by the Corporation, and the third of whom shall be selected by the other two members. Such Board of arbitration shall meet and continue sessions without unnecessary delay until a cecision is reached, and, after hearing both the City and the Corporation, shall determine the franchise fee for trackless trolley cars to become effective for the ten (10) year period immediately following the ten (10) year period in which the aforesaid notice was given and for each ten (10) year period thereafter until further revised in accordance with provisions of this paragraph.. The determination and decision of a majority of the said board of arbitration shall be final, conclusive and binding upon each of the parties hereto.

Section 3. The City, pursuant to the request of the Corporation, hereby gives and grants unto the Corporation, its successors and assigns, for the purpose of common carrier transportation of passengers for hire, the right, authority, privilege and permit to locate, conduct, operate and maintain motor buses and other self-propelled or motor driven vehicles (hereinafter referred to collectively as "motor buses") in, over, upon and along the streets and public places in the City of Fort Wayne, Indiana, as follows, to-wit:

The rights, authority, privileges, franchises and permits granted by this Section 3 are supplemental to, and shall in no way abrogate, impair or diminish, each and all of the rights which the Corporation now has, or may at any time or times have in the future, under or in any way connected with each and all of the certificates of public convenience and necessity for the operation of motor buses under or by virtue of the Motor Vehicle Act of the State of Indiana, now owned or held or hereafter acquired by the Corporation, and the City hereby consents to and approves the establishment and operation, under a certificate or certificates or public convenience and necessity issued by the Public Service Commission for the state of Indiana, of motor buses by the Corporation upon the above named streets and public places on which the motor buses of the Corporation are to be operated.

Section 4. The Corporation, for the use of the City's streets in the operation of the Corporation's motor buses, agrees to pay, semi-annually on or before thirty (30) days after the first day of January and July in each year this agreement remains in effect with respect to motor buses, an amount equal to and based on the rate of, Fifteen dollars ($15) per annum for each motor bus of the Corporation in regular and scheduled operation in the said City of Fort Wayn (excluding those motor buses required for extra or unusual operations or as a substitute for regularly scheduled motor buses), which sum shall be determined be paid upon the following terms and conditions:

On or before thirty (30) days after the first days of January and July respectively, in each year this agreement remains in effect with respect to motor buses, the Corporation shall make and file with the Board of Public Works of the City and the Controller of the City, respectively, a verified report showing (1) the number of the Corporation's motor buses in regular and scheduled operation in the said City of Fort Wayne during the six (6) calendar months immediately preceding January and July, respectively, in each year; and (2) the amount due for such six (6) months' period, to be determined by multiplying the number of motor buses of the Corporation in regular and schedule operation in th said City of Fort Wayne during such period by Seven dollars and fifty cents ($7

The Corporation, concurrently with the making and filing of said report, shall pay to the Controller of the City the amount shown by said report to be due to the City for such six (6) months' period.

In case the Corporation shall default in making the aforesaid payment and such default shall continue for sixty (60) days, the City shall have the right, at its election, to terminate this agreement with respect to motor buses, by resolution duly adopted by the Common Council, of the City and approved by its Mayor, and by serving a copy thereof upon the President of the Corporation.

Ten (10) years from the date hereof and each and every ten (10) years thereafter, either party hereto may, upon and by giving ninety (90) days advance written notice, request a revision of the franchise fee for motor buses, and thereupon the parties hereto shall meet and agree upon a new franchise fee, if possible, which new fee shall become and remain in full force and effect and shall be paid by the Corporation until any other or further franchise fee revision in accordance with the provisions of this paragraph. In the event the parties are unable to agree upon a franchise fee revision within the last ninety (90) days of such ten (10) year period, then such franchise fee revision shall be submitted to a board of arbitration, which shall be composed of three (3) members to be selected within thirty (30) days after the said ninety (90) days, one of whom shall be selected by the City, one of whom shall be selected by the Corporation, and the third of whom shall be selected by the other two members. Such board of arbitration shall meet and continue sessions without unnecessary delay until a decision is reached, and, after hearing both the City and the Corporation, shall determine the franchise fee for motor buses to become effective for the ten (10) year period immediately following the ten (10) year period in which the aforesaid notice was given and for each ten (10) year period thereafter until further revised in accordance with provisions of this paragraph. The determination and decision of a majority of the said board of arbitration shall be final, conclusive and binding upon each of the parties hereto.

ATTEST: ____________________
Secretary

NOW, THEREFORE, BE IT RESOLVED that pursuant to the Statutes of Indiana in such case made and provided, said Board of Public Works does now fix the date at which said contract shall be finally considered as the 30th day of October, 1939, at the hour of 7:30 o'clock P. M., at the regular meeting place of said Board of Public Works in the City Hall in said City of Fort Wayne, at which time and place a public hearing shall be had and any taxpayer in said city may appear and file protest against any and all of the provisions of said contract.

BE IT FURTHER RESOLVED that Indiana Service Corporation shall, at its own expense, cause the full and complete text of said contract to be published as required by law with notice of the time and place of said hearing in Fort Wayne News-Sentinel and Fort Wayne Journal-Gazette, being two daily newspapers of general circulation, printed in the English language, in said Allen County, Indiana. Said Indiana Service Corporation shall likewise post copies of said contract and notice of the time and place of said hearing in ten public places in said City of Fort Wayne.

Motion was made, seconded and carried that Notice to Tax Payers of the adoption of Declaratory Resolution Number 715-1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 12th and 19th days of October, 1939, at the expense of the Indiana Service Corporation, and that Monday, the 30th day of October, 1939, at the hour of 7:30 o'clock P. M. at the regular meeting place of said Board of Public Works in the City Hall in said City of Fort Wayne, at which time and place a public hearing shall be had and any taxpayer in said city may appear and file protest against any and all of the provisions of said contract; also that the said Indiana Service Corporation shall likewise post copies of said contract and notice of the time and place of said hearing in ten public places in said City of Fort Wayne.

The Board then upon motion adjourned.

David Lewis.
